

ORDER U. S. MINISTER BACK TO PEKIN

DIFFICULT TO ARBITRATE IN OIL LAW CASE

Chances Are as Remote as
American Entry into
World League, Claim

WOULD SET PRECEDENT

Calles Sees Move as Sacrifice
of Sovereignty of His
Government

BULLETIN
Washington, D. C.—(AP)—The Robinson resolution, suggesting arbitration of the oil dispute with Mexico was approved Friday by the senate foreign relations committee, 13 to 3.

BULLETIN
Mexico City—(AP)—Tampico dispatches say the district court has granted provisional writs of amparo to the Atlantic, Gulf and West Indies, Transcontinental, Mexican, Sinclair and Alex Smith Oil companies against the new petroleum law. Reports received in Mexico City are that 21 amparo suits are pending in various district courts. An Amparo can take the form of a mandamus or an injunction.

Washington—Arbitration of the dispute between Mexico and the United States is more easily advocated than accomplished. While the senate has indicated it would like to arbitrate, and Secretary of State Kellogg reveals that he has been thinking of the same thing for some time, the chances of an arbitration of the controversy are about as remote as American entry into the league of nations.

First of all, when the terms of a protocol of arbitration are submitted for a two-thirds vote of the senate, the precedent would be established of the United States being willing to admit that the constitution of a sovereign country is a subject for arbitration. President Calles of Mexico has indicated that such a sacrifice of sovereignty would not be made by Mexico except in an extreme and acute case. He has indicated that he would be willing to arbitrate the effects of a law passed by the Mexican congress in accordance with its constitution. This, however, is already taken care of in the general claims convention between the United States and Mexico and that is just where the dispute will be settled.

TERMS OF CONVENTION
The principle of arbitration is indeed contained in the general claims convention, for it binds the Mexican government to accept the award of the commission without further appeal. It is as strongly drawn as any arbitration treaty, the difference being that it is an arbitration in every instance between an individual or corporation and the Mexican government instead of between the American and Mexican governments.

So the procedure which will be followed is for each claimant to submit cases of confiscation to the commission for final settlement. Should Mexico refuse to accept the award, the case would revert to diplomacy and settlement by other means.

COURTS ARE ALTERNATIVE
The alternative course to the claims convention is the issuance of injunctions by the Mexican federal courts restraining the Mexican government from confiscating American oil lands. A series of decisions two years ago by the Mexican supreme court failed to clear up the points at issue but a new series of cases have been instituted at Tampico in which the foreign oil companies have won the first round.

If the matter can be adjusted through decisions of the Mexican supreme court, the American government would prefer it to settlement through the claims commission because, while the United States has a treaty with Mexico, this still leaves the controversy open as between European nationals and the Mexican government. Decisions of the courts would apply equally to all foreign oil companies and it favorable to them would prevent pressure being applied to the American government by European nationals in pursuance of the theory of American dominance of affairs in the western hemisphere and the implications of the "Monroe" doctrine.

BROADCAST FAUST MUSIC BY RADIO OVER BIG HOOKUP

Chicago—(AP)—The Chicago Civic Opera company's single presentation this season of Gounod's "Faust" will be broadcast in part at 9:15 Friday night by one of the largest hookups of radio stations ever known. Twenty-four stations will be in the chain.

It is the famous third act of the opera that is to be radio-cast—the Garden Scene, the Invocation, the Damsel's Song and the "Eternelle."

Singing the Marguerite role will be Edith Mason, whose husband, Giorgio Polacco, will direct. Richard Bonelli, principal baritone of the company, will be Valentine, brother of Marguerite. Charles Hackett, the tenor, will sing the Faust role, with Yanni Marcovici as Joseph, and Irene Pavloska as principal soprano. The combined skill of the best radio technicians and program experts has been engaged for several weeks in the effort to make this first nationwide broadcasting of a leading opera company successful.

EXPORTS OF STATE OVER 24 MILLION

Wisconsin 14th in Shipments
Made During Third Quarter of Last Year

Milwaukee—(AP)—Exports of merchandise from Wisconsin during the third quarter were valued at \$24,265,482, representing a decrease of \$1,318,091 from the same period in 1925, the department of commerce announced Friday at Washington. Wisconsin was ranked fourteenth among the states in exports for the period. The exports in the same period in 1925 were placed at \$25,523,573.

Foreign shipments of wheat, amounting to \$2,193,235, predominated among all the exports of Wisconsin during the quarter under survey, the report shows. That item was followed in importance by exports of tractors and parts, valued at \$2,160,079, of rice totaling \$2,072,330; of automobiles and chassis, amounting to \$1,869,776; of hams and shoulders, valued at \$1,371,437; of barley, amounting to \$1,084,378, and of threshers valued at \$1,002,652.

OTHER EXPORTS
In addition to these exports, all of which exceeded one million dollars in value, the following foreign shipments were important in Wisconsin's export trade during the months under discussion: bacon valued at \$928,766; leather (except patent) valued at \$917,029; construction and conveying machinery, \$581,104; motorcycles, \$534,679; stationary and portable engines, \$530,739; and lard, \$531,964.

Considerable quantities of silk, hosiery, iron ore and other manufactures of iron and steel than those enumerated, other types of machinery, vehicles, vegetable products also were sent to foreign markets from the Badger state during the July-September period.

JEALOUS LOVER SHOT MURDERED PAIR, THEORY

Birmingham, Ala.—(AP)—The theory that a jealous lover shot down A. B. Moore, 40, Southern Railway supervisor of safety and sanitation, and then fatally wounded Mrs. Ruby Thornton, 35, as she fled from the scene of her companion's death on a lonely road near Birmingham, was advanced by detectives Friday.

The bodies of the man and woman were found late Wednesday night where Moore had parked his automobile in a pine thicket near the road. Moore had been killed by a shotgun discharged directly into his face. Mrs. Thornton's body was 75 feet away. She had evidently attempted to flee from the assassin as her wound was in the back of the head. A discarded shotgun and several empty shells were found near her body, and a number of prints of a man's shoes were discovered on the ground around her.

JURY ACQUITS EIGHT IN LIQUOR HEARINGS

New York—(AP)—Eight of the 14 defendants in the so-called Costello rum ring Friday stood acquitted of charges of operating a rum fleet between the United States and Canada and of paying bribes to coast guardsmen. As to the others the jury was unable to agree after deliberating 24 hours. The trial had been in progress more than two weeks. The verdict, reported late Thursday, was swayed through re-examination of "under cover" methods used by the government in procuring evidence in the case. New York newspapers quote one of the jurors as saying after the jury was discharged.

SEWAGE POLLUTES WATER IN SPITE OF FILTRATION

Washington, D. C.—(AP)—In spite of chlorination, filtration and other purifying processes, the practice of permitting raw sewage to flow into Lake Michigan would scatter pollution, George W. Fuller, consulting engineer of New York, testified at lake water diversion hearings being conducted for the supreme court by Charles E. Hughes, clerk, were acquitted of both charges. The criminal prosecution followed a contest of the official count of the votes cast in the Tenth district of the Twenty-second ward for the Republican nomination for the state legislature.

Pittsburg, Pa.—(AP)—Two Pittsburg election officers were convicted Friday of making fraudulent returns at the May primary. Two clerks were acquitted of the same charge and all the defendants, three women and one man, were likewise acquitted of conspiring to make false returns.

James A. Battles, judge of election, and Miss Bess Camby, an inspector, were found guilty on the one count, while Mrs. Violet Lomady and Mrs. Margaret L. Gough, clerks, were acquitted of both charges. The criminal prosecution followed a contest of the official count of the votes cast in the Tenth district of the Twenty-second ward for the Republican nomination for the state legislature.

CALLEES ACCEPTS YAQUI SURRENDER IN REVOLT

Mexico City—(AP)—Sonora is to enjoy another period of peace, President Calles having decided to accept the unconditional surrender of the rebellious Yaqui Indians in that state. He has given orders to incorporate the surrendered Yaqui warriors who are unwilling to give up their arms.

While Adolfo de LaHuerta was provisional president of Mexico, an agreement was reached with Yaqui Indians whereby they received monthly pay, being considered members of the army. This agreement was virtually continuing in effect, although from now on the warriors will be on active service, instead of idling in the mountains.

RUMOR ILLINOIS APPEAL TO COURT

Members Refused To Sign Covenant; They're Ousted

Memphis—(AP)—What should a pastor do with those members of his congregation, if any, who refuse to sign the church covenant and continue their dancing, card playing and theater-going?

The problem for months vexed Dr. James B. Leavell, pastor of the First Baptist church of Houston, Texas, and finally he arrived at a solution. He expelled them.

Dr. Leavell dropped 3,700 members of his congregation from the church-roll he told the Southern Baptist Sunday School conference. Now, he said, the remaining 1,600 are "doing better work and making more progress than did the 3,700 members."

A few excluded persons sought an injunction in the courts to restrain him from such conduct, the pastor retorted, saying that the court informed the petitioners that "a Baptist church is an autonomous body and is capable of administering such discipline as it may feel necessary."

Dr. Leavell explained that he didn't expel the members because they played cards, danced and attended theaters, but because they would not sign the church covenant. He added that the covenant, among other things, "would have obligated them to attend services of the church, forego worldly amusements, read their Bibles and pray for one another."

STATE SOLONS TO HAVE JOINT MEET ON BILLS

Vote to Discuss 12 Interim
Committee Tax Proposals Next Week

Madison—(AP)—The legislature Friday took its usual weekend recess both houses adjourning, shortly after convening, until next Tuesday. Introduction of bills was practically the only business.

In the assembly there was a brief discussion over immediate repeal of the legislative visiting committee law. This committee, detailed to visit state penal and corrective institutions, should have been named, under the law, by the governor from the two houses. Because the interim committee bill abolishes it, however, the appointment has been held over.

It was brought out that all of the assemblymen were not thoroughly familiar with the measure and on motion of Assemblyman Reis of Madison, the bill was placed on the order of business for the next calendar day, Tuesday.

12 INTERIM BILLS

The assembly then proceeded to the introduction of bills, 12 interim committee measures coming in, under the authority of Assemblyman Lawson of Walworth.

The lower house voted concurrence in a senate joint resolution providing for a joint session of the two houses on Jan. 26, for discussion of the interim committee tax proposals. Members of the interim committee, who are not at present members of the legislature, were invited to attend the session.

Senator Howard Teasdale is author of a bill to increase the gasoline tax from 2 to 3 cents per gallon, and to revise the allotment of revenue from the tax. Under the "revision, villages would get \$50 per mile of high-way not included in county and state highway system, instead of \$25 as at present.

TEASDALE BILLS
The Sparta senator also was author of a bill appropriating \$400,000 to allow the state to pay one-third of the amount needed by counties to pay public utilities. The present statutory allowance is \$300,000. A similar measure was introduced by Senator Teasdale during the 1925 session, but was defeated.

A third bill, introduced by Senator Teasdale, would compel the railroad commission, in its valuation of any property of public utilities, to certify its findings to the state tax commission.

ELECTION OFFICERS MADE FALSE RETURNS

Pittsburg, Pa.—(AP)—Two Pittsburg election officers were convicted Friday of making fraudulent returns at the May primary. Two clerks were acquitted of the same charge and all the defendants, three women and one man, were likewise acquitted of conspiring to make false returns.

James A. Battles, judge of election, and Miss Bess Camby, an inspector, were found guilty on the one count, while Mrs. Violet Lomady and Mrs. Margaret L. Gough, clerks, were acquitted of both charges. The criminal prosecution followed a contest of the official count of the votes cast in the Tenth district of the Twenty-second ward for the Republican nomination for the state legislature.

NORRIS ON STAND IN MURDER TRIAL

Fort Worth Pastor Describes
Scene in His Office Before
Slaying

Courtroom, Austin, Texas—(AP)—Dr. J. Frank Norris, fundamentalist pastor of Fort Worth, on the witness stand here Friday told his story of how he killed Dexter E. Chipps in his church office last July 17.

Norris, who is halting over each word, he related how Chipps had come to his office, had demanded that he cease attacks on Chipps' friends, had threatened to kill him, and of how he shot Chipps when he said the latter came at him with his hand on his hip pocket.

Before giving his part of the story, he had heard himself bitterly lambasted and warmly defended by attorneys in arguments over the admission of certain evidence. He sat silently in the witness box for more than an hour listening to these arguments in which much of his past was raked over.

WIFE SUSPICIOUS; MAN SAVES \$16,000

Minneapolis—(AP)—Suspensions of a wife of a "stock market" deal, reinforced by a telegram from the county attorney's office here, have blocked a transaction by which Charles Hebling of Minneapolis, Wis., was to turn over \$16,000 to a stranger, it was revealed here Thursday night.

One man is under arrest at St. Joseph, Mo., on suspicion of being a confidence man, according to Floyd B. Olson, county attorney.

Hebling, owner of a hotel and other property in Meridian, recently offered his hotel for sale and struck up an acquaintance with two men who inquired about the property.

MEETS "LOAN BROKER"
One of them prevailed upon him to go to Superior to look over some lots. While there they met a third man who represented himself as a broker, and who, in gratitude for the return of a "lost pocket book," offered to let them join him in playing the stock market.

This man ran paper profits to \$80,000, but demanded that his "partners" put up a substantial sum as a guarantee to shipping back. He divided the "profits." Hebling arranged to pay over \$16,000, but when he told his wife of the deal she became suspicious and on a recent trip here confided to a relative, who notified the county attorney.

When Hebling telephoned to the county attorney's office on Wednesday from St. Joseph, and told her to make certain a \$16,000 draft was honored at the bank, the daughter communicated with her mother here and the county attorney acted.

Wires to St. Joseph followed, and the stranger who had become acquainted with Hebling was arrested. He was reported to have had the \$16,000 draft in his possession when arrested.

ROADS WILL MERGE ON SHARE FOR SHARE BASIS

New York—(AP)—Merger plans of Great Northern and Northern Pacific railroads have advanced another step with agreement for an exchange of stock on an equal share for share basis. The agreement was made Thursday at a conference attended by directors, officials and counsel of the two railroads.

In a statement, announcing that encouraging progress had been made in the negotiations, Ralph Budd, president of the Great Northern, and Charles Donnelly, president of the Northern Pacific, said the exact method to be adopted for putting the plan into execution could not be reported here. No time limit of the two lines must have the sanction of the Interstate Commerce commission.

TRAIN HITS LANDSLIDE; NONE INJURED, REPORT

Charlestown, W. Va.—(AP)—The national limited on the Baltimore and Ohio railroad early Friday plowed into a landslide in a blinding fog and rain near Harpers, W. Va., according to reports here. No time limit of the two lines must have the sanction of the Interstate Commerce commission.

The train, enroute to New York from St. Louis, was running about 25 miles an hour. His vision obscured by the fog and rain, the engineer failed to see the slide until too late to stop, and the engine and the first three coaches tumbled into a mass of earth which had fallen on the tracks from hill of the grade.

DARING BANDIT IS RECAPTURED IN WEST

Tulsa, Okla.—(AP)—John Mayo, daring bandit who escaped from jail here early last Sunday, was captured near Tulsa Friday morning. Mayo held up the jailer and a companion when he broke out and terrorized the guests in a local hotel. He was armed with several revolvers and a machine-gun taken from the jail.

Kansas May Abolish Law Against Cigaret Smoking

Topeka, Kas.—(AP)—Kansas, after trying for 20 years to enforce a law prohibiting the sale of cigarettes, is near surrender on this issue. Its house of representatives Thursday voted 83 to 35 for repeal of the measure. With a victory in the house, supporters of the bill forecast similar action by the senate, which voted to annul the act two years ago by a 5 to 1 majority.

Encouraged by organizations with the announced ideal of "protesting youth," John Edwards, a farmer legislator, became the champion of the anti-cigarette proposal in 1907. Lobbyists for tobacco interests opened a vigorous fight against the act, but the next legislature passed a bill drafted by Edwards.

SMALL, SMITH SILENT AFTER SENATE VOTE

Leaders Fail to Comment on
48 to 33 Vote Against
Illinois Man

BULLETIN
Chicago—(AP)—Rumors circulated in Washington that the state of Illinois might go into the supreme court with a petition, asking that Illinois not be deprived of her constitutional representation in the senate by the exclusion of Frank L. Smith, were without verification. The inquiry by the elections committee, was 48 to 33. It was reached late Thursday, after nearly two days of debate.

Smith had no comment to make, but he left immediately for his hotel to prepare a statement for publication, pending the inquiry by the elections committee, was 48 to 33. It was reached late Thursday, after nearly two days of debate.

BISHOP DENIES CHURCH ACTIVE IN REVOLUTION

Guatemala City, Guatemala—(AP)—Bishop Pascual Diaz of Tabasco, expelled from Mexico, has emphatically declared that the Mexican clergy is not taking part in revolutionary activity. The bishop, who was secretary of the Mexican Catholic episcopate which has been charged by the government with instigating rebellion, accepted resignation of a high Christian and patriotic resignation.

"There is no doubt that a state of rebellion exists among the Mexican people in defense of their freedom of conscience," he declared, "for to withhold this freedom lays the country open to the rule of a tyrant. But as bishop and citizen I approve revolution, whatever its cause."

U. S. MISSIONARIES LEAVE FOR HANKOW

Shanghai—(AP)—A dispatch from Hankow dated Wednesday night, said 27 American missionaries were leaving Chungking, Szechwan province, for Hankow Friday. Twenty-five other missionaries arrived there from the interior Thursday.

One of them prevailed upon him to go to Superior to look over some lots. While there they met a third man who represented himself as a broker, and who, in gratitude for the return of a "lost pocket book," offered to let them join him in playing the stock market.

This man ran paper profits to \$80,000, but demanded that his "partners" put up a substantial sum as a guarantee to shipping back. He divided the "profits." Hebling arranged to pay over \$16,000, but when he told his wife of the deal she became suspicious and on a recent trip here confided to a relative, who notified the county attorney.

When Hebling telephoned to the county attorney's office on Wednesday from St. Joseph, and told her to make certain a \$16,000 draft was honored at the bank, the daughter communicated with her mother here and the county attorney acted.

Wires to St. Joseph followed, and the stranger who had become acquainted with Hebling was arrested. He was reported to have had the \$16,000 draft in his possession when arrested.

WIFE SUSPICIOUS; MAN SAVES \$16,000

Minneapolis—(AP)—Suspensions of a wife of a "stock market" deal, reinforced by a telegram from the county attorney's office here, have blocked a transaction by which Charles Hebling of Minneapolis, Wis., was to turn over \$16,000 to a stranger, it was revealed here Thursday night.

One man is under arrest at St. Joseph, Mo., on suspicion of being a confidence man, according to Floyd B. Olson, county attorney.

Hebling, owner of a hotel and other property in Meridian, recently offered his hotel for sale and struck up an acquaintance with two men who inquired about the property.

MEETS "LOAN BROKER"
One of them prevailed upon him to go to Superior to look over some lots. While there they met a third man who represented himself as a broker, and who, in gratitude for the return of a "lost pocket book," offered to let them join him in playing the stock market.

BISHOP DENIES CHURCH ACTIVE IN REVOLUTION

Guatemala City, Guatemala—(AP)—Bishop Pascual Diaz of Tabasco, expelled from Mexico, has emphatically declared that the Mexican clergy is not taking part in revolutionary activity. The bishop, who was secretary of the Mexican Catholic episcopate which has been charged by the government with instigating rebellion, accepted resignation of a high Christian and patriotic resignation.

"There is no doubt that a state of rebellion exists among the Mexican people in defense of their freedom of conscience," he declared, "for to withhold this freedom lays the country open to the rule of a tyrant. But as bishop and citizen I approve revolution, whatever its cause."

U. S. MISSIONARIES LEAVE FOR HANKOW

Shanghai—(AP)—A dispatch from Hankow dated Wednesday night, said 27 American missionaries were leaving Chungking, Szechwan province, for Hankow Friday. Twenty-five other missionaries arrived there from the interior Thursday.

SMALL, SMITH SILENT AFTER SENATE VOTE

Leaders Fail to Comment on
48 to 33 Vote Against
Illinois Man

BULLETIN
Chicago—(AP)—Rumors circulated in Washington that the state of Illinois might go into the supreme court with a petition, asking that Illinois not be deprived of her constitutional representation in the senate by the exclusion of Frank L. Smith, were without verification. The inquiry by the elections committee, was 48 to 33. It was reached late Thursday, after nearly two days of debate.

Smith had no comment to make, but he left immediately for his hotel to prepare a statement for publication, pending the inquiry by the elections committee, was 48 to 33. It was reached late Thursday, after nearly two days of debate.

WRISTON ELECTED NEW PRESIDENT OF COLLEGE HEADS

Marquette Man Says Wisconsin Has Too Many Colleges

Milwaukee—Wisconsin, overprovided with institutions of higher learning, faces in the future an education of mediocrity.

WRISTON

These charges were made Thursday by Dean Fitzpatrick of Marquette university and provided the sensation of the twentieth annual meeting of the Association of Deans and Faculty Members of Wisconsin colleges at Marquette college.

Dean Fitzpatrick's arguments against "destructive and useless competition" among the colleges resulted in the educational leaders resolving to appoint a committee of five persons to study the situation which the Marquette man claims to exist, and "to work out some plan of co-operation" between the endowed colleges and the state university for the best interest of the schools and the people seeking education.

Dr. Henry M. Wriston, president of Lawrence college and new president of the association, will name the committee members in the near future.

DENONCES COMPETITION—The "imperial need" of doing away with "costly and unavailing" duplication of effort among the colleges was urged by Dean Fitzpatrick who pointed out that educational institutions of the state should not be "cut-throat" competitors but mutually reinforcing and supplementary.

Those attending included: University of Wisconsin, Deans G. C. Seligson and F. W. Roe; Carroll college, President A. H. Rohde; Marquette, Dean E. A. Fitzpatrick; Lawrence, President Henry Wriston and Dean W. S. Naylor; Milton, President Alfred Whitford and Dean J. N. Daland; Beloit, President Irving Maurer and Dean W. E. Alderman; Milwaukee-Downer, President Lucia R. Briggs and Dean Aleida J. Pieters.

CALVES WILL BE ON EXHIBITION ANOTHER SEASON

Women will continue to wear short skirts next spring, according to W. W. Frank of the Fair store, who returned Thursday evening from the tenth annual convention of the Wisconsin Retail Dry Goods association, which was held Tuesday, Wednesday and Thursday in Milwaukee. Chris Mullen of the only other Appleton man at the convention.

One of the attractions at the convention was a style show given by New York, Chicago and Cleveland dress and coat manufacturers. Most of the dresses worn by the models came just an inch or two below the knees, Mr. Frank said. The favored fabrics for dresses seem to be georgette and light crepe, the style with some printed crepe shown, and a few light-colored woollens. Most of the spring coats were of fine points. The favorite trimmings were buttons, self fabrics in contrasting shades of the same color, embroidered bandings and fur. Narrow belts of leather were frequently used on coats while the dresses were belted, usually with silk and a metallic clasp buckle as an ornament.

schools. He cited the difficulties of "catching up" with foreign language programs in college if the freshman has had no high school foreign language.

SUGGESTS CURRICULUM—The first year curriculum should include English, a foreign language, science, history and public speaking, according to Dr. Wriston.

"The Preparation of Teachers," was the topic of Dr. Silas Evans of Ripon college, and Dr. Irving Maurer, Beloit college, talked on "The Athlete Program."

Dr. Wriston succeeded Miss Lucia R. Briggs, president of Milwaukee-Downer, as president of the association. Dr. Maurer was re-elected secretary-treasurer, and Dr. J. D. Brownell of Northland college was elected vice president.

Those attending included: University of Wisconsin, Deans G. C. Seligson and F. W. Roe; Carroll college, President A. H. Rohde; Marquette, Dean E. A. Fitzpatrick; Lawrence, President Henry Wriston and Dean W. S. Naylor; Milton, President Alfred Whitford and Dean J. N. Daland; Beloit, President Irving Maurer and Dean W. E. Alderman; Milwaukee-Downer, President Lucia R. Briggs and Dean Aleida J. Pieters.

ELECT RIGHT MEN, MORRIS ADVISES

State Senator of Milwaukee Addresses Wisconsin Retail Dry Goods Men

Milwaukee—(P)—State Senator Oscar Morris, Milwaukee, Tuesday told members of the Wisconsin Retail Dry Goods association that their legislative troubles would be solved by electing the "right kind" of men to represent them in the two branches of the legislature.

Addressing the annual convention of the association, State Senator Morris expressed belief that election of fair minded intelligent men would result in a curtailment of law making.

"The men and women of the legislature," he said, "Give us the insight and grant us the power to lift this business of government into an adventure which we may with reverence call politics of God, because by it we shall seek to fashion the life of this commonwealth."

"The men and women of the legislature," he said, "Give us the insight and grant us the power to lift this business of government into an adventure which we may with reverence call politics of God, because by it we shall seek to fashion the life of this commonwealth."

FIREMEN GET FALSE ALARM FROM CHURCH

Answering a call to St. Paul Lutheran church at 11:50 Thursday night, the fire department found it had responded to a false alarm. Although the firemen conducted a thorough search of the building, neither fire nor smoke could be discovered anywhere.

It is believed that someone was deceived into thinking the church was on fire from the reflection of a street light on a window.

The run to the church was the second Thursday night. An alarm was received at 9:40 from 311 W. Washington street where a chimney was burning out. No damage was done.

Rubbish and dirt burning in the basement of a home at 317 W. Summer street was the cause for an alarm at 9:15 Friday morning. Although much of the house was filled with smoke, the fire was easily brought under control. No damage resulted.

THE WEATHER

FRIDAY'S TEMPERATURES

Winnipeg 32 below 12 below

WISCONSIN WEATHER
Mistily cloudy tonight and Saturday; much colder tonight and in southeast portion Saturday; cold wave in extreme southeast portion; temperature 10 degrees above or lower tonight.

WEATHER CONDITIONS
The lower pressure area noted yesterday over the Colorado mountains is moving southeastward. A secondary low is forming over northeastern Illinois this morning, and the extreme advance of the main low in the southwest is causing snows over this section with temperatures not quite so low. The high pressure area over the northwest has received reinforcement and is crowding mostly toward the low and will cause a decided drop in temperature in this section tonight and Saturday. A temperature of 28 below zero is reported from northern Montana this morning.

Chester Allen, director of field work of the University of Wisconsin Extension division, will be in Appleton on business Saturday. He will go from here to Green Bay. Mr. Allen formerly was in charge of the local office of the division.

YOUTH RESEMBLING OLSON IS ELUSIVE

Police Fail to Find Young Man Who Had Gun Repaired Here This Week

If Erdman Olson, college youth wanted for the murder of his sweetheart near Prairie du Chien a few months ago, was in Appleton Tuesday afternoon, he either has slipped away again or has found a reasonably safe hiding place here, it is reported by the police. A thorough search has been conducted for him in this vicinity and police in cities to the north also have been watching for him, but by noon Friday nothing further had been reported.

A youth believed to be Olson, and a companion, driving a medium sized touring car, entered a gun shop operated by Michael Wagner on the west side about 3 o'clock Tuesday afternoon to have a revolver repaired. They told Wagner they had come from Waukegan and were on their way to Canada.

When Mr. Wagner picked up a copy of the Post-Crescent that night, he saw a picture of Olson on the front page, and reported to police that one of the youths in his shop that afternoon closely resembled the picture.

Olson had been reported getting off a train at Waupaca the day before, but police there were unable to locate anybody answering the description of the alleged murderer. The supposed identity was made by a barber who claimed he had often shaved Olson.

COLDER WEATHER IS JUST AROUND CORNER

Still colder is the prediction of the weather man for Friday evening and Saturday. The forecast is mostly cloudy Friday night and Saturday, much colder Friday night and in the southeast portion Saturday; cold wave in extreme southeast portion.

WRISTON SPEAKER AT FRIENDSHIP BANQUET

Dr. Henry M. Wriston, president of Lawrence college, will give an address at the monthly banquet and program of the Friendship class of the First Methodist Episcopal church on Wednesday evening at the church.

Songs will be sung by the Valley Male Quartet and a reading given by Miss Lois Kloehn, a student at Appleton high school.

After the program, the men will go to the Lawrence college gymnasium to watch a game between the volleyball team of the Neenah Methodist church and the Lawrence college professors' squad.

Methodist men from Kaukauna, Clintonville, Menasha, Neenah and New London have been asked to attend the banquet.

BOY STAMP COLLECTORS START CLUB AT "Y"

Arthur Zerbel was elected president of the Junior Stamp club of the Y. M. C. A. at the organization meeting Wednesday evening at the association building. John Younger was chosen secretary. Organization of the club was completed and meetings will be held at 6:45 each Wednesday evening. The club is for younger boys who are starting their first stamp collections. Howard Menzner, Lawrence college student is leader. He will organize a senior stamp club soon for boys who have been collecting stamps for some time.

A plan for the meetings was adopted. The sessions will open with a short business meeting followed by reports on stamp development, new stamps and methods of collecting stamps. Mr. Menzner then will give short talks on methods of collecting stamps and the meetings will be concluded with a stamp exchange among members of the club who desire to make trades.

Charter members of the club are Arthur Zerbel, Glenn Hickenbotham, George Kirschenlore, Howard Scherck, William Reetz and John Younger. More members will be added later.

Mr. Menzner also is leader of the Vocational Y club, composed of vocational school boys, which meets Tuesday evenings for "feeds" and discussions. The club has a gymnasium period at the association gymnasium on Saturday nights.

England splashed through the wettest November on record. Five inches of rain fell instead of the average two. Total rainfall was 41 hours.

GREEN BAY MAN SIGNS CONTRACT TO TEACH MUSIC

Moore Will Give Band Instruction in City Schools and at College

E. C. Moore, supervisor of public school music in Green Bay since 1923, signed a contract with Lawrence college Thursday for an appointment to the department of band and orchestral instrument instruction at Lawrence conservatory of music. He also will teach instrumental music in the public and parochial schools of the city. The appointments will take effect in September.

Classes in all the grades from the fifth upwards probably will be organized by the supervisor. This will mean that pupils from points centrally located geographically will be given an opportunity to get instrumental instruction. Individual classes for each school would not be feasible, it was believed. Mr. Moore also will direct the high school band and orchestra and may start other organizations, but this will be left to the supervisor's judgment. It is hoped to secure another person to instruct in stringed instrument playing. Mr. Moore will be in charge only of the wind and band instrument instruction.

With the appointment of Mr. Moore, the conservatory has entered into an extensive program of instruction with added facilities for training public school music supervisors in directing bands and orchestras.

The new program which will go into effect next fall will include two distinct features. It will give young men and women who are studying to become public school music supervisors practical experience with all band and orchestral instruments, along with their voice training, so that they will be able to direct high school orchestras and bands as well as choral and vocal work in small cities, where there is not an instructor in each field.

It will also include a four-year course to train orchestra and band leaders to fulfill the need that has arisen for leaders and class instruction to high school pupils.

The conservatory will purchase the necessary instruments for the students, and will be in charge of the new program. Mr. Moore has had remarkable success with the training of orchestra and bands among school pupils in Green Bay.

In 1923, the Green Bay high school band placed second in Class B at the state contest held at Lake Geneva in Wisconsin. It was first place in the following year. In 1925 the band entered in class A at Two Rivers and was awarded second place, and last year at Green Bay it tied with Richland Center for first place. Moore gave the honor to Richland Center since Green Bay was host to the convention.

The supervisor also will direct the college band.

BALLARD WANTS TO LEARN HIS DUTIES

Asks District Attorney for Opinion Concerning His Powers

Madison—(AP)—What constitutes the "movable properties" of the state which is in charge of C. B. Ballard, superintendent of public property, has been defined in an opinion by Francis E. Dunn, assistant attorney general.

"Movable property belonging to the state does not include property in the offices of and in use of officers, departments, boards, and commissions of the state government or in the penal, correctional, curative charitable and educational institutions of the state in whose custody such properties are placed by the statutes," Mr. Dunn said. The opinion was given in answer to the query of Mr. Ballard asking whether all state property in departments was under his care and whether it was part of the duties of his office to make an inventory of all state property. The assistant attorney general opined that it was not necessary for him to inventory property in all departments of the state, but that there was nothing in the statutes to prevent him from doing so with the cooperation of department heads.

\$50,000 IN CRASH PRIZES

You may miss a fortune if you neglect to start playing the new \$50,000 patriotic picture game—"Presidents and First Ladies of the Land"—in next Sunday's Chicago Herald Examiner. DOROTHY LOST IN THOUGHT

DOROTHY GISH PLAYS THE ROLE OF A LIMEHOUSE WAIF IN THE PARAMOUNT PICTURE, "LONDON," AT FISCHER'S APPLETON THEATRE FRIDAY AND SATURDAY.

3 Of County's 119 Rural Schools Closed This Year

Three of the 119 rural schools in Outagamie county are closed this year because of a small attendance and the pupils are being transported to nearby institutions. It is reported by A. G. Meating, county superintendent of schools. The closed schools are located in districts 1 and 3 in the town of Buchanan and in district 3 in the town of Greenville.

There are 132 schools in the county, according to Mr. Meating. Besides the rural institutions, there are six high schools and seven graded schools.

The two Buchanan schools also were closed last year while the Greenville school failed to reopen last fall. The school boards decided it would be cheaper to transport their pupils to neighboring schools than to keep their own open with such small enrollment.

The town of Greenville has 10 rural schools, while the towns of Grand Chute and Ellington have 9 each. The number of rural schools located in other townships are as follows:

Black Creek, 8; Bovina, 5; Buchanan, 6; Center, 8; Cicero, 7; Dale, 6; Deer Creek, 5; Freedom, 6; Hortonville, 4; Kaukauna, 3; Liberty, 5; Maine, 5; Maple Creek, 4; Oneida, 6; Osborn, 4; Seymour, 8; Vandenberg, 2. State graded schools are located in Black Creek village, district No. 8; Cicero, Combined Locks village, district 4; Dale, Kimbark, joint district 6; Seymour, and Shiocton. Bear Creek village, district 1; Freedom, Hortonville, Little Chute, Seymour city and Shiocton village all have high schools with grades below.

LAST DISTRICT ADDED
The county's schools district were increased to 119 about a year ago when district 5 was added in the town of Maple Creek. Up until this time the districts had numbered 118 for several years.

Following is a list of the district officers of rural schools. Each school board is of course composed of three members. The clerk, director and treasurer of each district are listed in the order named:

Black Creek—District 1, Philip Samsan, O. Gregorius, Julius Samsan; district 2, Edward Nelson, Herman Seitz, Charles Henning; district 3, Ernest Boyer, John Herman, E. Schuchert; district 4, John Seefeldt, G. J. Seid, Frank Wischoff; district 5, R. H. Winkler, Art Genske, John Duham; district 6, Carl H. Grady, Frank Duffek, August Melchert; joint district 1, William Kitzke, William Wichman, Jr., Ed DeWall; joint district 3, Robert Hein, Ernest Miller, Fred Bloom.

Bovina—District 2, Roy Middleton, H. M. Allender, E. P. Spooner; district 3, Leon Kennedy, Fred Truitt, W. J. Lund; district 6, Leon Van Straten, Alex Pett, Mrs. G. Roberts; joint district 2, Earl Hamm, Will Lauer, Ed Conrad; joint district 4, C. J. Van Patten, Lenon Theide, Ed Genske.

Buchanan—District 1, Frank J. Schmidt, James O'Connor, Matilda Pfeiffer; district 2, Arnold Verhelten, Peter Lorenz, August Nixes; district 3, M. H. Nixes, Peter Bruecker, Ed Vandevatch; district 4, J. J. Hank, S. E. D. Mueller, Albert Tillmann.

NIGHT SCHOOL CLASSES SOON WITH 850 PUPILS

Attendance at the night classes at Appleton Vocational school have increased from approximately 500 during the first semester to about 650. This number will be enlarged during the next two weeks with the addition of the classes in advertising and foremen's safety to the regular curriculum. The first class will bring about

20 additional students and the safety course has an enrollment of about 200. This will bring the total enrollment in the night classes to more than 850.

While two weeks of the second semester have already gone by there still is room in some of the classes for more students. Anyone wishing to enroll in these classes must do so at once. Classes which still have several vacancies are sewing, millinery, English for foreigners, advanced stenography, bookkeeping, penmanship, public speaking, business English, mechanical drawing mathematics, show card writing and electricity.

SOCIAL FOR BOYS
Boys of the Y. M. C. A. will be guests at the regular weekly social of the boys' department Friday evening. The early part of the evening will be spent in playing games and

the reading of ghost stories about the fireplace will conclude the program. John W. Pugh, boys' work secretary, will be in charge of the social.

A roundtable discussion of club problems occupied the entire evening for members of the Sophomore Triangle club at their regular meeting Thursday evening.

Esthonia forbids women to use cosmetics.

NEWS OF NEENAH AND MENASHA

SOCIETY

ADD EQUIPMENT IN
SCIENCE SECTION
OF TRADE SCHOOL\$500 State Aid Enables Di-
rector to Purchase Material
for New Work

Menasha—The local vocational school which is the largest in the state according to the size of the city has installed new science equipment. It consists of five special Davis laboratory tables, one stone zinc, one laboratory instructor's demonstration table and all necessary chemicals and equipment to go with the outfit. This is in accordance with the recommendations of the state vocational board.

These new items were only possible through the efforts of Mr. Crockett, director of vocational education in the city. Early in the fall he succeeded in securing state aid amounting to nearly \$500 for this type of work. The industrial board added a little to this amount and thus it was possible to secure the science equipment.

Owing to the crowded condition in the local high school building, no room was available. However, when the new school building was completed, one room was made vacant and is now used for this new science work. Classes for young men and women will be started with the opening of the new semester.

RECORD NUMBER OF FISH
SHANTIES DOT LAKE

Menasha—One hundred and sixteen fish shanties now dot the upper part of Little Lake Butte des Morts, according to a count by George T. Alderson, locktender. This is the largest number on record, and besides those who occupy shanties many fishermen make daily catches through the ice in the open. Most of the perch are caught the latter way. A rough estimate of the number of shanties on Lake Winnebago is 80. Most of them are beyond the crack which extends across the lake each winter.

EVERY STUDENT IN
HIGH SCHOOL IS SAVER

Menasha—The local high school had a 100 per cent record for thrift this week. Sixteen thousand four hundred and eighty-nine dollars and seventy-seven cents, the saving of all the schools in the city, is now on deposit in the Menasha state bank and the high school pupils share a part of this amount.

In order to give more pupils a chance to display their business ability, new cashiers will be chosen for the second semester. Miss Clara O'Connor, head of the mathematics department is in charge of thrift work this year.

WRITE EXAMINATIONS AS
FIRST SEMESTER ENDS

Menasha—Students in the local high school are writing quarterly examinations this week. Report cards will be mailed to the parents within a few days.

The second semester of the school year begins Friday morning, Jan. 21. No new program of classes will be necessary for the new term, thus eliminating shifting of classes. However, several new subjects will be offered. These include commercial geography, general science in place of civics and special classes in dictaphone work and office practice. A new class in penmanship also has been organized.

BOY SCOUTS MEET

Menasha—The meeting of St. Thomas boy scouts this week was followed by a supper and program prepared by the Pelican and Raccoon patrols. The social part of the evening was given in honor of the birthday anniversaries of Robert and Charles Schultz, sons of Mr. and Mrs. E. H. Schultz.

MENASHA PERSONALS

Menasha—Daniel Wall of Chicago is visiting Menasha friends.

Peter Kassel has returned from the automobile show at Milwaukee.

Frank Schultz, who has been laid up with rheumatism for the last eight weeks, is able to be about again.

MENASHA SQUAD READY
FOR BATTLE WITH NEENAH

Menasha—Coach Caldes has been putting the local high school basketball squad through systematic practice this week in preparation for the annual Menasha-Neenah game at St. A. Cook armory Friday night.

Menasha will never give up its hopes of breaking up the Neenah wins in athletics and the game 1-0 big pep meeting was held in the student assembly Friday afternoon.

MAILMAN PUTS OUT
FIRE AND SAVES
CHILDREN'S LIVES

Menasha—While delivering mail Thursday at the home of Mr. and Mrs. Edward Art, 412 Nicolet street, St. John, a mail carrier, assumed the role of fireman and put out a blaze single handed that threatened the home and possibly the lives of four little tots that had been left alone. The children's call for help attracted his attention and when he entered the home he found it filled with smoke from live coals that had apparently fallen to the floor when the children had opened the stove door. A blanket over a rod near the stove had caught fire, close to which a baby had been left in a cab.

DEBATE TEAM WINS
OVER BRILLION BY
3 TO 0 DECISIONMenasha Debators Do Ex-
ceptionally Well in First
League Tussle

Menasha—The local high school negative debating team, composed of Dorothy Crawford, John Novakowski and Robert Schwartz won a 3 to 0 decision over the Brillion affirmative team composed of Arnold Christel, Russell Ryan and Alice Wall. A large crowd heard the debate in the high school auditorium.

The question was: Resolved, That the constitution of Wisconsin be amended to provide for the initiative and referendum as proposed by the 1925 legislature.

Dorothy Crawford on the local squad showed perfect ease on the platform, had a good voice and did better than ever before. John Novakowski, the outstanding orator and debater in the local high school, did exceptionally well. Robert Schwartz also did well and showed his usual clear thinking. Alice Wall was the outstanding member of the Brillion team.

Prof. A. A. Trever, Dan Hardt and Harry Snyder of Lawrence college were judges. The high school orchestra under the direction of L. E. Kraft furnished excellent music. The girls of the junior class conducted a candy sale in order to raise money for the student fund.

SOCIAL ITEMS AT
MENASHA

Menasha—Menasha Eagles gave the first dance of their series of dances for members and their families Thursday evening at their hall. There was a large attendance and music was furnished by the Badger Royal orchestra. The committee in charge of the series consists of L. E. Dennis, chairman, Matt Zoellner, John Kuhl, Elmer Godfrey and William Bauerfeld.

Sunday afternoon the Eagles will give the first of their series of skit and schafkopf parties for members. Six parties will be given on consecutive Sundays.

The Knights of Columbus held a meeting Thursday night that was well attended. It was preceded by a catered supper which was followed by a talk on Spiritualism by the Rev. John Hummel, pastor of St. Mary church. A talk also was given by the Rev. G. A. Clifford, pastor of St. Patrick church. Songs were sung by Joseph Luka, who was accompanied by Mr. Griesbach, organist at St. Mary church.

More than 125 members of John A. Bryan and Kane lodges, Free and Accepted Masons, attended the get-together banquet at the Masonic rooms Thursday evening. S. L. Spengler acted as toastmaster and the speaker of the evening was Prof. Hewitt of Oshkosh normal school. Prof. Hewitt discussed Masonic matters in general. Members of the Eastern Star had charge of the banquet.

District No. 14 of Rebekah lodge, will hold a convention at 230 Friday afternoon at the rooms of Betty Rebekah Lodge No. 212. The business session will be followed by a 6:20 dinner. The district includes Green Day, Sturgeon Bay, Dopece, Kaukaun, Appleton, Two Rivers, Manitowish and Menasha.

Because of the Masonic get-together banquet Thursday evening the Winnebago club held its bi-weekly card party Friday afternoon instead of Thursday afternoon. Bridge was played.

Henry J. Lenz post of the American legion will hold a meeting Friday evening at Eagle hall. Routine business will be considered.

Falcon Athletic association will give a dance Tuesday evening, Jan. 25. Music will be furnished by Menning's Olympia orchestra.

Daniel Wall of Chicago was guest of honor at a card party Wednesday evening at the home of Mrs. Barbara Mackin at her home on Second-st. Bridge was played and the prizes were won by Miss Mackin, Mrs. Pat Keapock, Daniel Wall and Miss Luella Watten.

Mrs. W. E. Held entertained the Jolly club Thursday afternoon at her home on Chute-st. It being a postponed meeting from the previous Thursday afternoon. The next meeting will be held at the home of Mrs. F. A. Belsel, 397 Cleveland-st. Thursday afternoon, Jan. 27.

CITY LEAGUE

Menasha—In the Menasha City Bowling league Thursday night, Rexalls held first place by winning three games from the Clothes Shop, and the tie for second place between the Fountain Grill and Pierce Agency for second remained unbroken as they each took three from the Menasha Alleys and Menasha Printing & Carton company respectively. The Tourist Inn took three from the Orpheum; Walter Specials took two from the Coffee Shop; and Enfer's Bear Cats got one game from the Menasha Furniture on the rolloff. Krull had 630 for high series, and F. Bayer 239 for high game.

COUNTY CAN'T PAY FOR
ARMING VIGILANTES

Neenah—For the second time within the last few months, the attorney general's office in Madison has held that the Winnebago-co board does not possess authority to appropriate money for the purpose of arming vigilante squads for the apprehension of bank and other robbers.

In a letter to District Attorney Frank Keefe this week, John Reynolds, attorney general, reiterates the opinion expressed by his predecessor on the proposal that came before the November session of the Winnebago-co board. The opinion has been filed with George Manuel, county clerk and will be presented to the March session of the board.

EXAMINATIONS ENDED

Neenah—Semester examinations at Kimberly high school ended Friday morning. Report cards will be given out Monday morning for the parents' signature.

CHIMNEY FIRE

Neenah—Fire in the chimney at the home of Harry Bishop, Franklin-ave, at 6 o'clock Thursday evening did little damage. The department was summoned but the blaze had been extinguished before it arrived.

Extension of the Korean railway system around the entire coast across from Pincyang to the upper reaches of the Yalu is planned by the governor general.

CITY STARTS TO CONDEMN
LAND TO EXTEND STREET

Neenah—Property owners along Maple, Chestnut and Klondike streets have given notice that the city is to commence condemnation proceedings for parcels of land in order to open these streets through to the city limits. The petition of the city will be heard before Judge D. E. McDonald, Winnebago-co judge at the court house in Oshkosh at 10 o'clock on the morning of Feb. 17.

The petition was ordered by the city council at a meeting in November when it was found that most of the property owners along these streets were willing to give up the parcels of land for this extension work to improve that part of the city, but there were two or three who refused. There are 50 property owners on the three streets.

NEENAH
PERSONALS

Neenah—Edward Seims and family have moved to West Bend where they will live in the future.

Wilbur Flynn arrived home Thursday evening from school in Milwaukee where he has been taking a special course in pharmacy.

The Rev. D. C. Jones is attending a Presbyterian conference in Milwaukee this week.

Frank Klinka was a Milwaukee business visitor Thursday.

A. T. Lueckenback was a Milwaukee business visitor Thursday.

Edward Blenker has returned from Milwaukee where he spent a few days at the auto show.

E. Hugh, route 9, Neenah, submitted to an operation Thursday at Theda Clark hospital.

Mrs. Charles Boyce of Menasha, is receiving treatment at Theda Clark hospital.

Paul Becker had his tonsils removed Thursday at Theda Clark hospital.

Edward Sande has returned to his home in Billings, Mont. after a visit with his mother, Mrs. George Sande, S. Commercial-st.

Fred Abendschein and George E. Sande have returned from the Milwaukee auto show.

Mr. and Mrs. M. Schalk have returned from Milwaukee where they attended the annual meeting of the Retail Dry Goods association. Mr. Schalk was re-elected secretary of the association.

NEENAH SOCIETY

Neenah—Invitations have been issued by Musicians Protective Union Local 182, for a party to be given on the evening of Feb. 3 at Danish Brotherhood hall on W. Wisconsin-ave. The event will be the twenty-fifth anniversary of the organization. The branch started on Nov. 1, 1902, with a handful of musicians. Today it has over 40 members. The committee in charge is Harry Korotey, Anton Jensen, Frank Hardt and Otto Kleopfel.

Ladies of the Neenah club will give a card party on Jan. 28 at the club rooms. Mrs. Charles Sommers is chairman of the committee.

Mrs. Charles Lansing entertained the I. D. K. club Wednesday evening at her home on First-st. The time was spent in playing schafkopf. Prizes were won by Mrs. E. O. Jape and Mrs. G. L. Chamberlain, the latter of Appleton.

Mrs. George Dix and Mrs. Paul Shenrin entertained Thursday afternoon at a miscellaneous shower for Mrs. John Schultz who was married a short time ago. The party was held at the home of Mrs. Shenrin on Bond-st. A luncheon was served and the afternoon spent in a social manner. Mrs. Schultz was formerly Miss Edna Warnke of Fremont.

The D. T. Card club will be entertained Monday evening by Miss Dorothy Kubby. The evening will be spent in playing bridge.

Miss Clara Jape entertained the U. N. card club Thursday evening at her home on Elm-st. The evening was spent in playing bridge. Prizes were won by Miss Meta Wolff and Mrs. Earl Bosch.

Eastern Star has arranged for a combination card and dancing party to be given next Wednesday evening at the Masonic temple. The early part of the evening will be spent in playing cards which will be followed by dancing until midnight.

ECZEMA IN
LITTLE PIMPLES

Spread Over Face, Itched and Burned, Cuticura Healed.

"Eczema broke out in little pimples on my face and soon spread all over it. The pimples feasted and scaled over causing sore eruptions that were red. The eruptions itched and burned awfully and kept getting worse all the time. I sent for a free sample of Cuticura Soap and Ointment and after using it I purchased more which completely healed me." (Signed) Miss Annie Yonker, R. R. 1, Box 33, Hazel, South Dakota.

Keep your skin clear by using Cuticura Soap, Ointment and Talcum for daily toilet purposes. Touch pimples and itching, if any, with Cuticura Ointment, bathe with Cuticura Soap and hot water. Cuticura Talcum is unexcelled in purity.

BUS LAWS SHOULD HAVE TEETH, SAYS COMMISSION HEAD

Railroad Commission Now Can Only Accept or Reject New Routes

Madison—(P)—The law regarding the licensing, routing and control of busses is weak and "should have some teeth inserted," in the opinion of Louis E. Gettle, chairman of the state railroad commission. The railroad commission has had supervision over the operation of busses under the present law, which according to Mr. Gettle, gives the commission power only to accept or reject the routes of the bus companies at the time they are granted a license.

The legislature is expected to consider the regulation of the new carriers, with some members of the law making a body favoring regulation of busses by the highway department. They contend that the road-building and maintenance department should have jurisdiction over the vehicles operated upon its roads.

The attitude of the operators of busses has not yet been made public, but Mr. Gettle said today that he expected the "Independent Bus Association" to favor the Minnesota plan of commission supervision of their work.

Such a commission, or the railroad commission, if this work were delegated to it, would determine the necessity and the extent of public convenience assured in the opening of a new bus line, consider the competition with railroads along the proposed route or other bus lines, and decide upon the amount of fare permissible in order that the bus line might prosper. The statute would probably permit all existing bus lines to continue operation as at present, in Mr. Gettle's opinion.

"Some legislation on the subject will surely grow from this session of the legislature," Mr. Gettle said. "The present cases in Eau Claire, Chippewa Falls and Milwaukee have demonstrated the lack of power in the present state law. Only through rejection of routes upon re-application for license can we control the busses in any way. At that time we can follow the wishes of the cities involved, in the matter of routing through congested sections."

We expect that the representatives of city governments will struggle pretty hard with the legislators to prevent them enacting some law permitting local regulation of bus lines operating within the corporate limits of towns and cities. This follows the supreme court's decision that a city has no power under the present law to set the routes over which busses shall operate in town.

"Milwaukee, therefore, was powerless to keep busses off Grand Avenue and other downtown streets. Eau Claire was unable to keep the busses from running through its heavy traffic sections and the Chippewa Falls city council could not fix the bus route outside of the business district."

"Only through the commission's refusal to grant the permits with the routings suggested by the busy company were these cities able to control the carriers. When the bus companies rearranged their routes, they were given permits and there our ability to regulate their operation stopped."

WILSON STUDENTS PRINT THEIR MONTHLY MAGAZINE

The January issue of the Wilsonian, monthly publication of Wilson Junior high school, is being printed this week, and it was expected the paper would be distributed Monday or Tuesday. All the editorial and mechanical work on the paper is done by the students under the direction of Miss Frances Palmer, editorial supervisor, and Armin Gerhardt, printing director.

REVISE PROGRAM OF SAFETY SCHOOL

Registration Blanks for Classes Starting Feb. 7 Sent to Employers

The tentative program for Appleton Foreman Safety school which opens at the Appleton Vocational school on Feb. 7 was revised at a meeting of the general committee in charge of arrangements for the course at the vocational school Wednesday evening. Letters containing the revised program and registration blanks were sent to employers in Neenah, Menasha, Appleton and Kaukauna, Thursday. A total enrollment of more than 200 is expected. Members of the general committee are H. G. Doon of the Kimberly Clark Paper company, Hugh G. Corbett, secretary of the Appleton Chamber of Commerce, E. D. Morse of the Haydon Pump and Blower company, W. H. Gmeiner of the Appleton Wood Products company, W. E. Schubert of the W. T. L. H. and P. company, M. E. Hoxman of the Kimberly-Clark Paper company and H. G. Noyes, director of the paper and pulp making classes.

Franklin J. Mayer, head of the safety division of the Milwaukee Chamber of Commerce is to speak in place of A. W. Koehler of the electrical department of the Milwaukee Electric Railway and Light company at the first meeting of the public utilities group. A. McCa, Keon, chief engineer of the industrial commission at Madison will speak in the place of E. E. Jones of the Surety Manufacturing company at the second meeting of the woodworking and metal group.

The companies may enter any sort of competition with each other, may charge almost any fare they desire, and add nearly any new lines they wish. The present law is incomplete and should have more teeth in it."

Mr. Gettle said he also expected the railroad brotherhoods to become interested in any legislation concerning busses, especially as such law would concern legislation of the carriers competing with rail lines.

LOW ROUND TRIP FARES WAUSAU WINTER FROLIC
Jan. 24-30, 1927
Via Chicago—Northwestern Ry.
For this occasion tickets will be sold for a fare and a half for the round trip. Minimum fare \$1.00. Half fare for children. Return limit to reach starting point not later than midnight of January 31, 1927. Plan to enjoy this carnival of outdoor sports. A good time for all. Tickets and further information on application to agents, Chicago & North Western Ry. adv.

Mounds At Delevan Lake Are Relics Of Lost Race

Madison—(P)—Burial mounds of a dying race have made way for civilization's highways in Wisconsin, but sixty-five relics of the Indian still exist near Delevan Lake.

A description of the mounds, representing five groups, is given by C. F. Brown, curator of the state historical museum, in the current number of the Wisconsin Archeologist.

Of the 65 mounds still discernible in the five mound groups at Delevan Lake—designated by Mr. Brown as the Inlet, Lake Lawn, Tilden, Assembly, and Spring Lawn groups—31 are conical, 16 oval, 9 linear, 1 of a dumb-bell shape, and 8 are of the effigy type. The largest group is at the Lake Lawn site, which contains 40 mounds. Excavations in several of these mounds which have revealed Indian burials are described by Mr. Brown.

Of the number of effigy mounds recorded during the present survey of the Delevan Lake region three are, or were representations of the turtle, three of birds, and one of a water spirit or panther. Mr. Brown stated, "All but one of these have been mutilated by the loss of a wing or partly destroyed by cultivation or land improvements."

The largest of the conical mounds still in existence about Delevan Lake, 42 feet in diameter, and about 3½ feet high, is at Lake Lawn. The largest of the oval mounds, also situated at Lake Lawn, has dimensions of 75 by 36 feet. The largest tapering linear is 129 feet long, and the largest straight linear 48 feet. Both are at Lake Lawn. The only club-shaped linear at Delevan Lake is in the small group at the Inlet. It is 163 feet in

length and is the largest of all the linear earthworks about this lake.

"Perhaps the best collection of Delevan Lake artifacts contains about 2,000 specimens collected from camp and village, largely about this lake, in the past 20 years."

"The present mutilated and neglected condition of many of the prehistoric Indian landmarks located about Delevan Lake is greatly to be regretted. The damage done to the local memorials of the early redman can be repaired and future damage prevented if the local Rotary club and other organizations, the officers of the Lake Lawn resort, and the summer residents of the Spring Lawn resort, will devote some attention to their preservation and marking."

JUDGE WERNER TO SIT IN MILWAUKEE COURT

Judge Edgar V. Werner will go to Milwaukee Sunday afternoon where he will hear several cases in circuit court of Milwaukee next week. He expects to be gone at least the forepart of the week.

LION DIRECTORS TALK OVER CLUB ACTIVITIES

Major activities for the Lions club the coming year will be discussed at the meeting of directors of the club at 7 o'clock Friday evening at the Conway hotel. Other routine business of the club will be considered.

Fremont Lady Never Misses A Day From Work Now

Since Taking Drecto She Feels Fine All The Time.

When the stomach becomes deranged the food fails to digest properly but lies there forming gas, causing a full sensation, when the back aches and kidneys do not function properly, when the bowels are constipated and you have headaches, dizzy spells, coated tongue and the nerves are on edge, get a bottle of the new herbal remedy Drecto from the Drecto Expert at Schlitz Bros. Drug Store and see the change in your condition in a week's time.

"That is what Mrs. Paul Milke, Box 16, Fremont, Wis. did, and now she says:

"I'm a button cutter at the Wolfe River Pearl Button Works but here of late I haven't been a very fast worker or a very steady worker because I was so sick all the time."

"My stomach was the cause of most of my trouble. I had scarcely any appetite and what I did eat soured and caused me great distress almost as soon as it got down. I also suffered from constipation and female disorders, slept very poorly at night and was very weak and rundown in general."

"Reading so much of Drecto I went in and saw the Drecto man and started taking it according to the directions he gave me. I noticed a great improvement after one week and now I feel like a young girl again. All the trouble with my stomach and bowels have been overcome. I sleep soundly at night and can work as fast as I ever did. I no longer find it necessary to miss time from work for Drecto has put me in good condition in every way. I am so grateful I am only too happy to recommend it to everyone who needs a good, bracing, quick-acting tonic."

"Mr. H. W. C. Marr Baker the well-known Expert from the Drecto Laboratories now at Schlitz Bros. Downtown Drug Store, is telling scores of people every day how to take Drecto for the best results. Go to see him."

JUNIOR TYPISTS AT HIGH SCHOOL EXCEED AVERAGE

Tests Prove Superiority of Students in Appleton Institution

Junior typists at Appleton high school are above the normal, according to results of the first of a series of typewriting tests prepared by E. G. Blackstone of Detroit Teachers college, given to the junior typewriting class by Miss Laura Livermore Dec. 15.

Tests made by the author based on 2,188 cases showed the average norm after five months of instruction to be 88. The Appleton high school juniors averaged 90 although they have had only three months of instruction. Out of 62 students examined 41 persons or 66 per cent wrote errorless papers, most of the others making only one error.

The best record, 189, was made by Florence Hietel. This record is equalled by the average student only after 18 months of instruction. Excellent records also were made, Miss Livermore said, by Bernice Schmiede and Lilas Stecker, who scored 153 and 152 respectively. These records are made

FRATERNITY LEADER INSPECTS LOCAL CHAPTER

D. K. Bowers, Indianapolis, grand secretary of Phi Kappa Tau fraternity talked at three special meetings of the Lawrence college chapter of the fraternity Wednesday evening at the fraternity house on N. Lawrence St. Bowers was in Appleton to inspect the Lawrence chapter.

He spoke to pledges of the fraternity at one session, to Appleton alumni and to the active chapter. He will complete his inspection Thursday and will leave Friday for Madison where he will inspect the University of Wisconsin chapter, one of the newest of the national fraternity.

These tests will prove valuable to business men as well as educators, the more explained.

A second test will be conducted the last of January. To avoid any question arising from a variation in difficulty of the material used in the test care has been taken to balance the number of unknown factors in each test. They are so arranged that each contains approximately the same number of letters as c's, v's, n's, etc., and the same number of letters to be struck with each hand.

Says "Allenru" Greatest Rheumatic Medicine in the World

Hundreds of Bottles Being Sold, Declares Schlitz Bros. Who Guarantees it and is Dispensing it to Many Sufferers Here.

It does not matter whether you are disabled with cured Rheumatism or have only occasional twinges "Allenru" will ease the agony, do away with the gnawing pains and often reduce the swollen joints. Allenru is no laggard. It starts right in at once searching out the poisonous deposits and in two days starts to drive the concentrated impurities that often cause Rheumatism, out of the body thru the natural channels.

Allenru has been tried and tested for years and really marvelous results have been accomplished, often in the most severe cases where the suffering and agony was intense and piteous and where the sufferer was almost helpless.

"The blessed relief this marvelous preparation quickly gives has made for it thousands of friends," says Schlitz Bros. Co.

PUBLIC INTEREST COMES FIRST

Announcement is made from Madison that Governor Zimmerman will retain Chairman L. E. Gettle of the state Railroad commission. Mr. Gettle was a Blaine appointee, and he is the first to retain an important position under the new administration. Governor Zimmerman has decided to keep Mr. Gettle on the ground of his competence. For it is a well known fact that he is one of the best railroad commissioners Wisconsin has had for many years and that his retention was manifestly in the public interests.

As a matter of fact, there was a strong political movement to oust Mr. Gettle. This was met by an equally resolute movement on the part of disinterested parties throughout the state, familiar with Mr. Gettle's record, to keep him on the commission. This the governor has seen fit to do, and we think it is a commendable and excellent decision. The chairman of the Railroad commission is not involved in politics. He ought to be a non-partisan official, and Mr. Zimmerman's attitude will help to confirm this status. The governor has done the best thing for the Railroad commission and for the people of Wisconsin, and that is what he was elected to do. We have no doubt his relations with Mr. Gettle will be quite as satisfactory as though he had originally appointed him, and that Mr. Gettle will show no hostility toward the administration in his private activities.

The Railroad commission is the most important regulatory body we have in the state, and it should be composed of experienced, capable men, who will lay aside their prejudices and politics and discharge their responsibilities fearlessly and conscientiously. The governor has settled the Gettle matter with true public spirit, and he will be generally commended for it throughout the state.

A REAL RARITY

One of the strangest cases on record is embodied in the recent wage increase granted to 60,000 employees of the American Railway Express company by the United States Board of Mediation. The strange feature of the decision was that it was the unanimous opinion of a board that was composed of representatives of both sides of the controversy. It is said to be the first case so decided and certainly deserves mention as an illustration of a new era in American industry when the employer can enter into an arbitration with employees and decide that the employees are right in demanding more wages.

For a second point, it illustrates the efficiency of the new mediation board, as it is the second case to be decided by the board, created under a special legislative act by congress. The first case was for the railway conductors, baggage men and brakemen, which was decided on December 1st.

Step by step capital and labor are nearing a really cooperative status. The movement is due partly to the now diversified ownership of the large corporations. Where a few years ago a very few men owned the companies, now stock in the enterprises is owned throughout the length and breadth of the land by ordinary people, and, in many instances, by the employees themselves.

Thus the hue and cry against capital is waning, for every man who owns a share of stock is in effect a capitalist. He may work for a living and be an employee and yet own stock in a corporation and be an employer. With such an arrangement general it is not peculiar that we are coming to a era of practical good sense in our dealings with each other.

REGULATING BUS LINES

A bill is to be introduced in the legislature which would place bus lines under the control of the Wisconsin Railroad commission. We have not seen a draft of the bill and cannot say how comprehensive it is, but there can be no difference of opinion over the main proposition that bus transportation should be regulated by the Railroad commission. At least two important things are involved in the operation of busses. One is that they should be supervised by the same agency that governs the operation of steam and electric railways, in order that they may be made responsible to the public and those they serve and may be made to carry their just share of the expenses of government and road maintenance, and subject to such conditions and rates as will make them fair competitors of other forms of transportation. The second is that if bus lines are to remain permanently, they should be made to serve the public with a minimum of duplication and under conditions that make them economical and not extravagant common carriage.

Exactly the same reasons require public control over and operation of bus lines as applies to railroads and electric lines. The Railroad commission should have the power to fix their rates and to prescribe routes, frequency of service, etc. In short, they should be made to serve public interests first and their own interests secondarily, for it is obvious that if both cannot be served they are uneconomical and should not operate. It will be for the public ultimately to have a consolidation or grouping of bus lines and the elimination of independent lines. Furthermore, licenses should be refused to independents which duplicate a service already provided. In return for what in a measure would be exclusive privileges over the highways, the busses ought to be brought under thorough control of the commission and all rates of fare and conditions of operation prescribed by it. This is necessary for the orderly development of bus transportation.

RESTRICT PISTOLS

The promiscuous sale of pistols is becoming a serious matter with the ever increasing crime wave. Even in states where there are restrictive laws concerning the sale of these weapons, it is possible, if one knows how, to purchase them. We find ourselves in desperate need of some way to curb the sale and use of firearms and find ourselves in the same situation as with regard to prohibition—unable to do anything.

It is easy, of course, to suggest that laws be enacted, but it is to be questioned if any law on a statute book ever really prevented a crime. Laws are useful in empowering proper enforcement of a certain standard of conduct decided upon by society, but they rarely serve as a deterrent, per se. In other words the efficacy of law enforcement lies in the enforcement and not in the provisions made for it.

Thus, before we take definite steps to put a number of additional laws on our statute books, it should be our first step to ascertain the exact condition of affairs and the status of the situation we are aiming to remedy. And it will be difficult. An enormous stock of pistols is already in possession of the underworld. They will be carefully conserved against any future restriction of manufacture and sale. Yet something should be done. The person who finds a workable solution will have conferred a great benefit on the nation.

Just Folks
by Edgar A. Guest

WISDOM

Strange, is it not, that wisdom seems
To shatter dreams?
That he who furthest seeks the light
Finds only night,
And faithfulness and bitter doubt
Stream all about.

Strange, that the wiser men appear
The more they sneer!
That reading deep books, they can find
No peace of mind,
And seeking joy and promise there
Find but despair!

Yet flowers bloom and skies grow blue,
The sun it true!
Brave hearts rejoice, despite the cares,
That life is theirs;
They love the very things the wise
So much despise.

Across the fields of doubt they plow
With faith in God,
And gather what they can of mirth
Upon the earth.
"Fools!" a sour-minded scholar cries,
"You should be wise!"

(Copyright, 1927, Edgar A. Guest.)

Quest Marie says she is going to write a book of fairy tales to be sold in this country. Evidently the queen has sized us up quite accurately.

A geographer predicts Chicago will have 15,000,000 people by the year 2000. Not unless they change their ways, professor.

One thing about going to the dogs—you'll always find plenty of people to help you get there.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

HEALTH AND MEMORY

In these days of unabashed hokum an inferiority complex is an extravagant luxury. That, no doubt, explains why the majority of credulous customers who have purchased "courses" in memory training forget in a year or two what it was they received in return for the perfectly good cash they let go. I am no psychologist at all, and hence I can't explain it, but it is certainly true that we like to forget little episodes in which we ourselves have played the role of the boob. For instance, cross my heart and no joking, all I can remember of the last memory course I fell for is, hen, hat, hare and although I have never forgotten these, even in the most trying situation, I must say they have never helped me to remember a friend's name, although I have no difficulty in picturing him with a hen chasing a hare around his hat. The course promised me that this little device would prove unfailing. I have met many customers who profess they can't even recall the hare.

Dr. Arnold Lorand, in his book on "Defective Memory and Absent Mindedness," neatly indicates the difference between normal amnesia or forgetfulness and pathological or morbid forgetfulness. Thus, he says, if one forgets and is unable to recall after reflection what one ate for dinner yesterday or the day before, that is merely a reflection on the drabness of uninteresting character of the menu. But if one forgets and can't for the life of him tell what he had for dinner an hour or a day ago, that is morbid, and suggests some such disease as paresis ("softening of the brain") or perhaps Korsakoff's alcoholic psychosis. In other words it is normal to remember pretty much every item of the menu of a good dinner, and the better the dinner or the more agreeable one is impressed by the circumstances associated with the dinner, the longer and more vividly one will remember about it.

So in meeting strangers and trying to remember their names. It is all right in principle but all wrong in practice to attempt to devise artificial or haphazard associations to help one to remember names. Unless something about the person himself is sufficiently impressive, say his engaging smile or his sympathetic bearing or his manners, it is normal to forget his name presently. But it helps memory if one takes particular note of any such natural impression a person makes.

Memory is readily affected by faults or disturbances in the circulation. Dr. Lorand mentions an instance of this. A patient came for ear treatment and found she had forgotten her address. She was given one drop of amyl nitrite (which tends to relax spasms of the blood vessels) and within a few minutes she was able to recall her address.

Many cases of wandering due to amnesia (loss of memory) which unchangeable reporters so insistently call "aphasia" (which means loss of speech), are due to underlying or unrecognized disturbances of the circulation. I remember one poor old fellow who was picked up by the police, who held him as a suspicious character, but finally permitted him to enter hospital for proper treatment. He had chronic nephritis with arteriosclerosis. The police insisted they had proved his identity, and that he was a notorious crook. The doctor sized the old man up as a decent sort and ventured to take issue with the police identification, which was based on police photographs and finger prints. After a few weeks the old man's memory returned and he was restored to his relatives. The police had to admit that they had made a mistake.

QUESTIONS AND ANSWERS

Petting and Puppy Love

I'm not so young—I'm a somewhat experienced high school teacher and have read everything you and others have suggested, but the sex problem does not seem to grow less. . . . Many confidential talks with my students. . . . I have always thought that caresses should be sparingly used and certainly should not be flaunted in public. It isn't unusual to look into our assembly hall before school and see couples sitting on the floor about each other or embracing. . . . Am I extreme in feeling that boys and girls should maintain a "hands off" policy? . . . Sometimes couples take me with them in a car. The boy often does not hesitate to take the girl in his arms—they think they are really in love and sometimes these affairs are pretty deep and genuine. But I feel responsible for the spooning, though it is not easy to "call them down" when I am out with them. (Ed. D.)

Answer—The affectionate couples should be expelled from the school. They are all through with school days. Your feeling that a "hands off" policy should prevail is womanly and honest and no normal person can take issue with that. But it seems to me your attitude toward the puppy love business is somewhat mushy.

(Copyright John F. Dille company.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Friday, Jan. 24, 1902

Miss Elizabeth Clark, Mrs. E. J. Stansbury, Mr. and Mrs. Bertin Ramsay, Miss Martha Van Nortwick, Miss Jennie Pearson, John Stevens, Jr., B. A. Pride, Percy Clark, Will Van Nortwick and Raymond Bertisch attended a dancing party given by eight young men of Neenah the previous night.

A marriage license was issued to Henry Krull and Julia Gohardt, both of the town of Century. Officers of Knights of Columbus were installed the previous night. State Deputy Supreme Knight, Henry J. Killilea of Milwaukee was installing officer. Officers installed were: Chaplain, Rev. W. J. Fitzmaurice; grand knight, John J. Sherman; deputy grand knight, James I. Toner; chancellor, Gustave Keller; warden, Ernest Otto; recording secretary, Edward M. Lohman; financial secretary, Patrick H. Ryan; treasurer, Charles Sacksteder; lecturer, Edward W. Sacksteder; advocate, John Harrington.

The Freshman class of Lawrence university was entertained at a party the previous evening at the home of Miss Snider, 664 Meade-st.

W. F. Sackcer and H. H. Rogers returned from Chicago the previous night where they had been purchasing a new stock of furniture for their store.

TEN YEARS AGO

Friday, Jan. 1917

Appleton friends of Paul Staezel, a former resident of this city and for a time employed in the Citizens National bank had received word that he was recently appointed to the board of directors of the First National bank at Okmulgee, Okla.

Preparations were being made for the Farmers' Institute which was to be held at Medina on Thursday and Friday, Jan. 25 and 26.

Attorney Albert C. Wolfe of LaCrosse had been nominated at the previous Thursday by President Wilson for Wisconsin attorney for the Western district of Wisconsin, a position made vacant by the death Jan. 11 of the nominee's brother, William C. Wolfe. Mr. Wolfe was a native of Outagamie-co., having been born on a farm 41 years previous.

Mrs. Eva Riedl, Spencer-st., entertained eight ladies at cards the previous afternoon. Prizes were won by Mrs. Mary Murphy and Mrs. Margaret Vanderhoff.

Members and friends of First English Lutheran church were entertained at the home of Mrs. Matt Hruska, 326 N. Division-st. the previous evening. Mrs. Hruska and Mrs. A. Melzer were hostesses. Mr. and Mrs. William F. Belling, 1145 Carver-st., were to entertain a party of friends at a hard time party that night.

WE NEED A NEW BUCKET

LIBRARY ADVENTURES

By Arnold Mulder

AN ALIBI FOR BACON

Nearly every writer who touches on the Elizabethan age has something to say about the theory that Francis Bacon wrote Shakespeare. The latest is Will Durant in his book, "The Story of Philosophy." Durant is obliged by the plan of his book to give an exposition of the philosophy of Francis Bacon, and he could not leave the subject until he had thrown in a page about the great controversy.

Curiously enough, Durant, who is a great admirer of Bacon, dismisses as preposterous the idea that Bacon wrote Shakespeare and he produces an argument against the theory that is more convincing than all the thick volumes of cryptograms that have been written to prove the theory. And his argument is so simple that the most ignorant can understand it. He produces an alibi for Bacon.

BACON BUSY ELSEWHERE

When a lawyer can account for every minute of the day for his client on the day when the murder is known to have been committed he is almost certain of acquittal. The accused could not have committed the murder because he was somewhere else at the time it was committed. Will Durant similarly proves that Bacon could not have written Shakespeare because the records show that he was so busy every minute of his life with the work we know he did that it would be impossible to crowd in the composition of 39 of the greatest dramas in literature.

This method of proof would be valuable in the case of a single play or two or three plays. No one could prove that a man like Bacon was so busy all his days with his avowed work that he could not have written a play or two, even great plays. But anyone who has common sense can understand that the writing of 39 of the world's greatest plays is in itself the job of a life time. It cannot be done in off moments.

And we know that Francis Bacon

was one of the busiest men not only of his own age but of any age. Here are some of the things he did. He invented a new system of human reasoning. He constructed a new system of philosophy.

He wrote a very large number of books and for the material of those books he tapped all known human knowledge of his time. He became a psychologist and physicist and even a chemist. He conducted innumerable experiments to prove the points he made in his books. He practically passed through his mind all the knowledge of the world that had been gathered up to his time and made skeletons for the development of all the knowledge of the future.

But that was not all that was only one side of his activities. From being poor to begin with he built up a great fortune as a business man. And that was not all. He devoted the major portion of his active life to practical politics and rose step by step in the country's service until he rose to the heights of Chancellor. He led the life of a politician and until about five years before his death, when the same forces that had elevated him, to power cast him down to disgrace, he was a practical man of affairs.

WOULDN'T MADE MISTAKES

And everybody knows what that means and how much time is eaten up by that kind of a life. The theory that in addition to all the other things he crowded into "his comparatively brief life of only 65 years he wrote Shakespeare, which job alone would have called for 25 or 25 years of hard work, is hard to accept.

And the alibi is strengthened by the fact that Bacon could not possibly have made the mistakes that Shakespeare makes again and again. Shakespeare had the greatest imagination of his own age or of perhaps any age he is never distinguished for exact knowledge. He makes all sorts of blunders in history, in geography and in every other branch of knowledge. His mis-

takes do no harm in a work of the imagination but the fact remains that such mistakes would not have been made by a man through whose encyclopedic mind all the knowledge of all ages had passed.

The theory that Bacon wrote Shakespeare is not held only by people who are crack-brained. So sensible a person as Mark Twain was passionately convinced of it. And while Will Durant's alibi practically proves that Bacon did not write Shakespeare it does not prove that Shakespeare wrote Shakespeare.

The Question Box

Find out whatever you want to know. There is no room for ignorance in this busy world. The person who loses out is the one who guesses. The person who gets on is always the one who acts upon reliable information. This paper employs Frederic J. Haskin to conduct an information bureau in Washington for the free use of the public. There is no charge except two cents in stamps for return postage. Write to him to-day for any facts you desire. Address The Appleton Post-Crescent Information Bureau, Frederic J. Haskin, Washington, D. C.

Q. How many cubic feet of air does it take to burn a cubic foot of fuel oil? R. L. E.

A. The Bureau of Standards says that it requires about 11,000 cubic feet of air to burn a cubic foot of fuel oil.

Q. Where is the government experimental fur farm? W. T. K.

A. This is located at Saratoga Springs, New York, and has visitors from all parts of the United States and Canada. The government is planning to issue a leaflet describing the operation and purposes of this farm.

Q. What is the age of the oldest person at the Soldiers' Home, Washington, D. C.? M. E. W.

A. The oldest member of this home is ninety-three and the youngest is twenty.

Q. Can you tell me about how many people took motor tours last year? S. A. H.

A. The American Automobile Association estimates that during last summer 12,000,000 persons in 3,000,000 cars took such trips. This represents those who camped along the way and not those who merely motored from one city to another.

Q. What part of the money raised by the sale of the tuberculosis Christ-

See-Sawing On Broadway

By Gilbert Swan

New York — See-sawing up and down Broadway, I noted the return to the bright lights of Irving Berlin and wife who, now that they have been pursued by cameras, reporters and storks, seem able to sit at a table in a night club without drawing a mob. . . . They will find, like all who have enjoyed or suffered from the limelight, that soon, like Berlin's song, they will be "all alone." . . .

Perhaps one of the most amusing adventures of a Broadway see-sawer is to make silent notes of those who once figured on the newspaper front pages and who now sit about the cafes attracting the attention of only the newly arrived tourists. . . .

Even Harry Thaw is a commonplace to the crowd. . . . He takes his seat at table, generally accompanied by a willowy dame—anew one each time. . . . Has his regular three bottles of champagne, whereupon he becomes talkative and goes babbling along to anyone who will listen and not infrequently, to thin air. . . .

And again. . . . I defy anyone to recognize Beryl Halsey with her clothes on. . . . Yet, just a year ago, she was all over the New York tabloids as the "most unsexed girl," the cause of police raids and the basis of a lot of censorious worry. . . .

. . . I saw Gertrude Edele about Broadway the other night and getting nods from but a couple of people. And only a few months ago they jammed the streets to see her go past. . . .

Saw Alice Brady at the theater and she sports a lorette, if you please. . . . Paul Whiteman back in town and they say he will open a night club. . . . Count Salm passing his divorced evenings dancing with some very beautiful movie and stage ladies at the Ritz. . . .

A Russian mujik, boots, sack-coat and everything, casually boarding a subway train while commuters missed Brooklyn expresses to watch him. . . .

Saw "Belle Baker" musical comedy songstress, rushing in to accommodate a luncheon of newspapermen by doing a couple of songs. . . . "Whaddya mean by getting me up in the middle of the night like this?" she demanded a bit sleepily. . . . Folk who work in the daylight hours never stop to figure that the moon hour is the time when actors turn over in the sheets for a couple of more winks of sleep. . . .

There doesn't seem to be any way of stopping these Pacific coast boosters. The Los Angeles-San Francisco controversy is now classic. Anyway the other night, at Madison Square Garden, Joe Humphries rose to introduce Eddie Roberts and Joe Dundee. . . .

"Introduccin' Eddie Roberts of Frisco" belittled the announcer. Roberts stepped up, interrupting him. . . .

"Say, Tacoma, Washington, is the town, mister?" he rebuked.

mas seals is spent in the State that raised it? W. R. W.

A. The Society for the Prevention of Tuberculosis in Washington informs us that 35 per cent of the tuberculosis Christmas seal money goes to the State in which it is raised, while the remaining 5 per cent goes toward the national fund for the control of this disease.

Q. What did Dorothy Mackall do before starting her screen career? D. G. M.

A. Miss Mackall was formerly a dancer at the Casino de Paris, Paris. Later she appeared in the Ziegfeld Follies.

Q. Is it cold enough in Australia for ice skating? N. N.

A. At no time of the year is it possible to skate on ice in any division of Australia.

Q. How many people in the United States carry life insurance? P. B.

A. It is estimated that about 54,000,000 people carry insurance. The amount of life insurance in force is about \$15,000,000,000.

Q. Does the astronomical day begin at noon or at midnight? W. R. W.

A. Astronomers formerly began the day at noon, but recently it was decided advisable for the sake of uniformity to use the same day in astronomical work as is used in civil life, and commencing with 1925 all the national almanacs began the day at midnight.

Some Fine Day in the Spring of 1929

two men will be sitting in the Elks Club — chatting.

"New suit you have on, isn't it, Jack?"

Jack will laugh and reply—" Yes—it WAS new two years ago—I bought this suit—let's see—in January 1927!"

The new Schmidt suits coming in will be able to give a good account of themselves when 1929 rolls along.

Two Floors of Good Things to Wear

NATIONAL GUARD COSTS \$433,397 IN PAST 2 YEARS

Organization Makes Satisfactory Progress, Brigadier General Reports

Madison—(AP)—Conducting its peacetime program of preparedness, the Wisconsin national guard operated during the past two years at a total cost of \$433,397, and made satisfactory progress in "its efficiency, training, equipment and personnel."

This is disclosed by the biennial report of the national guard prepared for presentation to the legislature by Brigadier General Ralph M. Immell, adjutant general.

"The records of the militia bureau at Washington disclose the fact that Wisconsin stands among the highest states in training, equipment, personnel and efficiency," declares General Immell in his report for the biennial period ending June 30, 1926.

"The national guard operated on an annual appropriation of \$255,000 as contrasted with \$600,000 annually which it had up to June 30, 1923 when the financial aid was slashed by the legislature."

"The economies accomplished in administration and maintenance of the several units during the previous biennium still obtain," the adjutant general's report declares.

The only additional company established during the two years was at Waupun where the Ambulance company 184 of the 135th medical regiment was organized June 1, 1926.

The diversified duties of the adjutant general's department were maintained with a force of 14 persons, the report states. The work includes that of the adjutant general and quartermaster departments, pensions, bonus and rehabilitation division, war service division and graves registration.

"Federal authorities have in all instances manifested a splendid spirit of cooperation along the lines prescribed in the national defense act," the report states.

In routine administration it can be said that the Wisconsin national guard compares favorably with organizations of the regular establishment.

As compared with total expenditures of \$569, in the fiscal year of 1922-23 and \$233,736 in 1923-24, the national guard expended \$210, 938 in 1924-25, and \$222,409 in 1925-26.

The adjutant general's department during the past fiscal year expended \$55,341.43. The graves registration work ordered by the 1925 legislature cost \$4,125 for additional help, and according to the report, other additional expenditures amounted to \$14,400 for moving the finance branch from Camp Douglas to Madison, making a total increase in salary of employees of \$6,525.

This amount together with additional allowances made to units whose budgets were closely paid the previous year, accounted, General Immell said, for the \$12,000 increase in expenditures the past year as compared with the previous year.

The Wisconsin National guard annually pays a total of \$58,275 for rent of armories in which guard companies are housed. The only state owned armories are at Menomonee, Keeshauke, Beaver Dam, Monroe, LaCrosse, Chippewa Falls, Wisconsin Rapids, Whitewater and Milwaukee.

General Immell believes a saving to the state could be effected through state owned armories, and several moves have been made in past years to acquire buildings and property for the housing of guard companies. However, the legislature has maintained a policy of operating the national guard at a minimum of cost.

The national guard has property valued at \$357,663.65. This does not include the field equipment, guns, tanks, trucks and other war time equipment which is furnished by the federal government.

General Immell reported that of the \$357,663.65 worth of listed property, a total of \$110,803.33 used in war time is unserviceable, property worth \$96,279 is in the hands of companies throughout the state, while equipment worth \$150,581.25 is at Camp Douglas.

The Ninth Legion District, commanded by Marshall Craft of Appleton, formerly at Waupun, is fourth with 4,198 members or 56 per cent. The state membership now is 12,425, or 4,000 more than in 1926 at the same date.

FARMERS HELP NEIGHBOR PUT UP HIS ICE SUPPLY

Sheldon Stamm of Apple Creek held an ice cutting bee at Edward Ziegler's fish pond in the town of Center Wednesday afternoon. About 15 farmers attended. Dinner was served by Mr. Stamm. The ice was of a good quality, it was reported and was about 20 inches thick.

Coughs Stopped Almost Instantly

A famous physician's prescription called Thoxine relieves the most stubborn coughs that otherwise would hang on for weeks. Acts on new theory, relieves the inflammation and irritation which is almost always the cause of the cough, and stops it like magic. Thoxine is equally good for sore throat for which purpose it is far superior to gargles. Contains no dope, chloroform or harmful drugs. Once used you will never be without it. Pleasant taste and safe for children. Remember one swallow stops tight coughs or sore throat within 15 minutes or money back 55c, 60c and \$1.00. Sold by Voigt's and all good drug stores.

ORGANIZE SWIMMING CLASS AT Y. M. C. A.

A swimming class for beginners will be started Monday evening at the Y. M. C. A., according to A. P. Jensen, physical director. Bruce McNelis, acting swimming instructor of the association, will be in charge of the class which will meet each Monday evening. The class was started because of the requests of several members to learn to swim in the few months remaining before summer.

ONLY "DESERVING POOR" CAN OBTAIN HELP FROM CITY

Poor Commissioner Flooded With Appeals in Cold Weather

The cold snap of the past week has caused a flood of appeals for aid to the city hall, according to E. G. Schueler, city poor commissioner. The number of applications for help has been unusually heavy, Mr. Schueler said, probably heavier than it has been for some years.

The early arrival of cold weather and the stopping of construction work put many men out of work earlier than usual and applications for aid were received earlier than last year. Many of the applicants are refused aid, Mr. Schueler said, because their stories do not ring true and because they do not try to help the poor commissioner get all the facts in the case.

It is necessary before aid can be given, that the history of the person or family making application be fully known. There is always a reason for the degree of poverty requiring city aid, Mr. Schueler points out, and if the reasons are good, aid is given. Some men are shiftless and careless and they think that by applying to the city they will receive aid and they won't have to work, he declared.

"Many people have an idea that all they need to do to receive city aid is to make application, Mr. Schueler said. "This is not the case. They must lay all the cards on the table and then if their particular case deserves help it is given."

A good deal depends upon the appearance of the individual making the application. Not so much on his clothing.

DRY DEPARTMENT IS COMPLETE FOR TIME

No New Deputies Will Be Appointed Immediately, Says Commissioner

Madison—(AP)—With the removal of five deputies of the state prohibition department, Rolland W. Dixon, prohibition commissioner, announced that no new deputies would be added for the present due to the condition of the new department funds.

Seven of the deputies attached to the department upon the resignation of former Commissioner Gunderson will be retained, Mr. Dixon said. The seven are: Ben Parkinson, Madison; E. T. Sullivan, Green Bay; R. L. Fuller, Portage; R. H. Hilary, Dodgeville; George Ostrom, Superior; O. A. Stevenson, Prairie du Chien and George Arensmeyer, Baraboo.

The five deputies who were dropped from the state dry force are: Thomas Kingston, Madison; Carl Henning, Milwaukee; F. E. Laabs, Wausau; S. B. Walsh, Big Lake; and F. F. Lafferty, Superior.

Fred Schultz, Portage, recently appointed chief field agent will be second in command of the force.

"There will be no other changes at present," Mr. Dixon said, "and the appointment of new deputies to take the place of the five will be deferred for a time until the funds of the department are increased."

NEW FASHIONS

A PAGE OF INTEREST TO WOMEN

BEAUTY HINTS

SHORT SLEEVED BLOUSES AND DRESSES WILL BE WORN AGAIN THIS SUMMER; BLACK AND THE MORE SOMBER HUES WILL BE WORN

BY HENRI BENDEL
NEW YORK.—Palm Beach creations inevitably brighten up the winter mode even for women in colder climates and color and flowers make their influence felt among the blacks and neutrals.

The transition from the winter to spring modes is going to be a gradual and painless one this year with no sudden changes of feeling or revolutionary novelties so that the two seasons will blend easily.

Clothes have become too comfortable, too practical and too suited to our present day existence to be discarded for no better reason than a change of season.

The short sleeved skirt and over blouse have become classics and are more in evidence this year than ever before. Just now the fancy silk and wool sweaters in bright and pastel shades worn with flannel or crepe skirts are the regular uniform at our winter resorts as well as on the Riviera.

As a material, satin is of the greatest importance. For evening the simple white satin frock is the mode of the moment with pastel shade also very popular.

VARY WITH DARK REDS
For afternoon beige and gray, and black, of course, are varied by dark reds and greens. Even the newest sport clothes are made up in this shiny faced material. Quite frequently the only trimming is a dull material of the same color. Stretching and embroidery in metal threads is also appropriate.

In colors one must take into consideration the rising importance of black and the sudden come-back of blue, in all shades, particularly the lighter and grayer tints. The blue evening gown has been featured all winter—blue chiffon is quite as lovely and cloudlike a material as can be found.

BLACK CREPE IS CHOICE
Photographed today are the gowns that meet the late winter requirements of such social functions as bridge parties, tea dances and matinees. Each is easy to wear, easy to get into, and easy to complement in millinery, which consideration should never be overlooked.

First in importance is the short sleeved model. For Paris is again sponsoring the abbreviated sleeve. This one is one of the popular two-piece affairs, the skirt being made of a Japanese embroidered scarf in which blue is the predominating color, and a skirt of navy blue crepe pleated at the sides to give ease in dancing.

The neck finish is only a label of the blue silk and the V motif of the collar line is pleasingly repeated in the long point of the blouse. This frock could be worn unbelted, but it is much smarter with the tailored belt. Another interesting frock is the black crepe with wide yoke and sleeves made of embroidered flowers in green and gold that have tiny glittering mirrors for centers. The skirt is box pleated at the sides, another concession to the dancing age, and a band of crepe across the back forms the sash and ties at the sides.

This dress is typically French in feeling and has the elegance and imagination that is a bit underplayed in these days when the elimination of every superfluous bit of trimming is considered the height of sophisticated costume.

A glorified sport costume that is really meant for the afternoon is the crepe frock that is in a lovely salmon pink with a deep pointed yoke and skirt trimmed with self-colored buttons and a self-colored flower on the shoulder.

The tendency to use such a frock for the afternoon instead of the more feminine and frilly type of frock grows. For the slender, girlish, "flapper" type, there can be no happier choice.

A CONVERTIBLE HAIRCUT
Hollywood—(Helen Costello has a convertible haircut, boy if she wants it so, and girl otherwise. To go with this coiffure, she has originated a hat band combcase. The band has a slit in which pockets a small comb. Whenever she desires to comb her locks or change her coiffure she slips the comb from her hat band, and the hair-dressing act begins. The hat is a floppy felt.

CHARLESTON KICKERS
Feminine fancy leans more and more to the "kicker" and the latest addition to the well stocked lingerie drawer of the English woman are the "Charleston Kickers" made of satin or crepe de Chine. These are finished with a deep band of elastic which covers the knee and gives firm support. Dance dresses have a pair to match as no petticoats are worn.

FLAPPER FANNY SAYS--

Modern love is made much cooler, but doesn't seem to last as long.

HEALTH VERSUS MOVIE TICKETS

BY OLIVE ROBERTS BARTON

A WOMAN said to me, "All this theorizing about making Johnny a perfect boy and paying money to specialists instead of putting it into the bank for him—that's all right for the rich. But how about the poor who can do neither? It discourages intelligent women from contemplating maternity."

"Well," I answered, "you'll have to admit that the physical part of child-bearing is not the hardest. It is not an easy thing today, being a mother. But I don't agree with you about any workable theory being discouraging. Theory and practice are rather and son. Practice, even though it can take only a few toddling steps, may as well go in the direction that some good theory points out."

Rich and poor alike today may be inclined to pay more attention to material things than to a health inheritance for their children.

Poor is only a term of comparison. There are few people so poor that it is impossible to give their children an intelligent chance for good health.

As far as sacrifice goes, the child

himself can do without a few material things to invest in his inheritance of health, if necessary. A clean throat and good teeth are more important than movies, phonographs, toys and a lot of other things. Here are some cases. I actually know about. A little girl has needed her tonsils out for years. She is peaked and ailing. Her parents threw up their hands at the mere mention of an operation. They were too poor! Last fall they bought a second-hand flivver for two hundred dollars. The poor aren't the only ones who make mistakes. I have watched the daughter of a rich family grow up into a pale, frail woman because they wouldn't send her to a warm climate after an attack of pneumonia that nearly killed her when she was a little girl. Her mother told me it was too expensive. I know that child's health went into bonds. These are absolutely true cases. I know of dozens more.

I am trying to stand up for the intelligent parent, rich or poor, who sees that health, physically and mentally, is the child's best inheritance.

Fashion Plaques

SNUG CHAPEAU

The contour of the head is defined in this turban of georgette, confined with strands of pearls wound rather carelessly.

fullness being generally drawn on to one hip and allowed to hang from there.

EMBROIDERIES AND BEADS
Embroideries for evening frocks are generally used in connection with beads and sequins.

Fringe is very smart again for afternoon and evening wear. Garters for wet or very cold days which are both chic and comfortable

which corroborated Cherry's story in all essential details, the coroner asked: "Now, Mr. Wiley, while you were waiting for Miss Lane, who is now Mrs. Wiley, did you get out of your car?" It was a crucial question; it pointed directly toward Chris Wiley as a possible suspect, and every person in the room strained forward in eagerness to hear the answer.

"I did not get out of my car," Chris Wiley answered firmly.

"Did you see anyone during your wait, either entering the house; by any means whatever, or did you see anyone on the lawn?"

"I did not."

"Did you see Mr. Clung through the open window of his room?"

"I did not."

"Did you ever quarrel with Mr. Clung about Miss Cherry Lane or about anything else?"

"I did not. I made no effort whatever to dissuade him from marrying Miss Lane. I concentrated my efforts on her," Chris Wiley smiled slightly.

"That is all, Mr. Wiley for the present. Call Mr. Charles Reilly next."

"Oh, Bob!" Faith whispered in an agony of dread. "He drew up Mr. Clung's will! Will he tell, Bob? Will he tell?"

TOMORROW: A motive for murder is pinned on Cherry.

PARADE OF FASHION

CULOTTE TEA GOWNS

"Culotte" tea gowns, slit down the sides and revealing a generous view of silken culottes or tights have gained favor with a rush in Vienna and may be seen at the most fashionable gatherings. The culottes fit tightly about the knees and are adorned with brightly colored elastic bands after the fashion of garters.

STYLE ACCESSORIES

Accessories of all kinds are more important than ever before in the English winter fashions. Each must be beautiful in itself and harmonize with the others.

Batwing sleeves are all amusing novelty; tight at the cuff and enormously wide at the armhole, which is cut down to nearly the hip.

Collars are quite high on many of the new house frocks.

Draped frocks are worn again, the

THE TINYMITES

By Hal Cochran

(READ THE STORY, THEN COLOR THE PICTURE)

THE Eskimo the Tines found was kind and showed them all around. He'd made real friends with Clowny, so the crowd thought him all right. The Tines all thought Clowny lost, but into luck he had been tossed, 'cause he had met the Eskimo and stayed with him all night.

"I haven't had much fun of late," their new friend said. "And this is great to meet a bunch of little folks all set to run and play. I'll show you sights you'll say are real. Perhaps we'll find a bear or seal, if you will just be patient, 'cause they often come this way."

Some other Eskimos came out to find out what 'case all about. They'd heard the high pitched voices of the little Tynymites. They all were friendly as could be, and Clowny said, "It seems to me that we had best get started, if we're going to see the sights."

So, down a long ice path they went.

are exemplified by the new Highland spattee mode.

Items are having many ups and downs, and moreover, have both on the same frock as often as not.

Ink-blue is one of the newest popular colors.

Jewels are immensely important and fashionable, both real ones and those rather too good to be true.

MONOGRAMMED JUMPERS
Lane makes the more luxurious evening wraps. It's chic to have it lined to match your frock.

Monograms are still smart things to have on jumpers and handbags. Set it in a little square, oval or diamond frame.

Necklaces are as much of a craze as ever; a neck looks quite undressed without one of some sort.

Ostrich feathers are back again. They make lovely collars for the new evening wraps.

Pumps are no longer smart; sandals, strapped and laced shoes have displaced them.

ROSES IN ALL CLOTHS
Roses, roses everywhere says Fashion and they are being made of everything from chiffon to oilcloth.

Sleeves are wide at the shoulder.

and tight at the wrist, or vice versa, or just tight all the way down.

Tulle is used for several very new evening frocks, especially in black with short black fringes.

"Undies" are short, full and few. Veils are almost fancy dress. You never see a modern woman wearing one.

Waists may be almost anywhere, with the new bodiced bodies they may be nowhere, and no harm done.

Yellow, in all the golden shades, is a favorite color for evening wear.

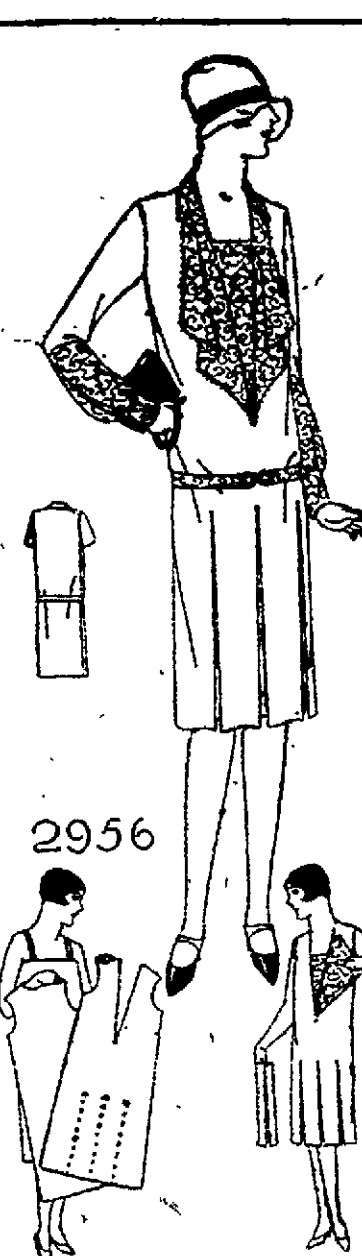

Zipper are being used to fasten gloves, gaiters and handbags.

FUR CUFFS ARE MUFFS
A muff by any other name keeps just as warm, and attempts by Parisian furriers to revive the old-fashioned muff have been baffled by the prevailing mode of deep fur cuffs. By crossing the hands the fair wearers convert their cuffs into what are to all intents and purposes perfectly good muffs.

GENTLEMEN PREFER BROWN
One of the major features in men's styles is the dark brown lounge suit in many shades which is gradually pushing the more flashy type off the Paris map. The suit is usually in fine and soft woolen fabric.

Mixtures in the weaving is varied

MARGOT'S FASHIONS

JABOT DRESS

Charming new style with cascading jabot, sleeves lengthened with puffs, gathered to wristbands, and box-pleat effect in front of skirt. Two major parts to Design No. 2956. Note how easily the inverted pleats are inserted in front section. Crepe Romaine, chiffon velvet with chiffon in lighter tone of same shade, crepe satin in reverse, treatment, wool rep with silk crepe and crepe de chine are fashionable. Sizes 16, 18 years, 36, 38, 40 and 42 inches bust measure. The 36-inch size requires 2 1/2 yards of 40-inch material with 1 yard of 40-inch contrasting. Pattern price 15 cents in stamps or coin (coin preferred). Our patterns are made by the leading Fashion Designers of New York City and are guaranteed to fit perfectly. Our Pattern Catalogue is 10 cents a copy. It's worth much more to the woman who sews.

and sometimes there is a vague plaid line in the material, which may be either in a lighter brown or in a much deeper tone that verges upon the black.

Trousers and coat do not always match in weave. One or the other may be plain.

MIXED TWEEDS
For late winter and spring sports mixed tweeds with or without fur collars, are popular.

SISTER Mary's KITCHEN

BREAKFAST—Stewed dried apples, cooked wheat cereal, thin cream, creamed fresh beef on toast, milk, coffee.

LUNCHEON—Cream of spinach soup with spinach balls, corn fritters, syrup, chilled apple sauce, "brownies," milk, tea.

DINNER—Rolled breast of veal in rice border, buttered carrots and peas, salad chiffonade, rye bread, fruit cup puddings, milk, coffee.

Corn fritters are almost as good made from canned corn as from fresh and the fritters themselves are more appealing on a cold winter day than a hot August one. To insure the corn being its best, open can, turn corn into a china or earthenware bowl and let stand an hour before using.

CORN FRITTERS

One can corn, 1-1/2 cups flour, 3 teaspoons powder, 1-2 teaspoon salt, 1 teaspoon sugar, 1-2 cup milk, 2 eggs.

Mix and sift flour, salt, sugar and baking powder and add to corn. Add milk and yolks of eggs beaten until thick and lemon colored. Fold in whites of eggs beaten until stiff and dry. Drop from tip of spoon into deep hot fat. Cook until a golden brown. Drain on brown paper and serve with syrup.

If a thermometer is used, the fat should be 370 degrees Fahrenheit. If a thermometer is not at hand an inch cube of bread from the soft part of the loaf should brown in 60 seconds when dropped into the hot fat. (Copyright, 1927, NEA Service, Inc.)

Women's Lives

are relieved of a great hygienic handicap in this way. Positive protection—discards like tissue

By ELLEN J. BUCKLAND

Registered Nurse

THERE is now a new way in woman's hygiene. A way scientific and exquisite that ends the uncertainty of old-time "sanitary pads."

It is called "KOTEX." Eight in every 10 better-class women have adopted it.

You wear sheer frocks and gowns without a second thought, any time, anywhere. You meet every day, every business or social demand unhampered.

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads, it banishes danger of mishaps.

Deodorizes, too. And thus ends all fear of offending.

You obtain it at drug or department stores simply by saying "KOTEX," without hesitancy. Be sure to get the genuine. Only Kotex itself is "like" Kotex.

KOTEX

No laundry—discard like tissue

KAUKAUNA-LITTLE CHUTE-KIMBERLY

NEARBY
TOWNSHIGH SCHOOL DEBATE
TEAM IS DEFEATED
BY SHAWANO SQUAD

Negative Team Loses as Affirmative Team Prepares to Meet Oconto Falls

Kaukauna—A capacity audience is expected to hear the debate at the auditorium Friday night between the Oconto Falls affirmative team and the Kaukauna high school negative team. The question for debate is: Resolved, that the initiative and referendum bill as proposed by the 1925 state legislature be adopted and become part of the Wisconsin constitution.

This is the first debate for the local squad. The team is composed of Francis Grogan, Elmer Otto, Lucille Wolf and Wilbur Haas. Francis Grogan is the only veteran on the team. A special musical program will be presented Friday evening before and after the debate. The program is to start at 8 o'clock.

Thursday evening the high school affirmative team was defeated at Shawano by a 2 to 1 vote of the judges. The Shawano affirmative team will debate at Oconto Falls on Friday evening. Members of the negative team are: Gilbert Starke, Peter Hansen, Helen Esler and Helen Pahlke.

Social Items

Kaukauna—A regular meeting of the Knights of Columbus ladies was held Thursday afternoon in the K. of C. club rooms on Wisconsin-ave. A social hour followed the business meeting. Cards were played and prizes were won at schafkopf by Mrs. Joseph Faust and Mrs. Orville Crevier, at bridge by Mrs. Edward Dericks and Mrs. G. Planagan and at five hundred by Mrs. L. F. Nelson and Mrs. Richard Wilpolt. The next meeting will be in two weeks. Hostesses are to be Mrs. Julius LaPointe, chairman; Mrs. Henry Zizers, Mrs. Jacob Laus, Mrs. Jacob Lundmarking, Mrs. Nic Lummerding and Mrs. John Pfeiffer.

Miss Lorraine Heimkel entertained a group of friends at a bridge party at her home Tuesday evening. Prizes were won by Miss Gretchen Driessen and Miss Agnes Hartzheim.

The Ladies of Holy Cross Catholic church entertained at a card party in the church hall Wednesday evening. Cards were played and prizes at men's schafkopf were won by Rev. P. J. Skell and Nic Heimdel and at ladies' schafkopf by Mrs. August Heinz and Mrs. Martin Van Roy.

COLLEGE OXFORD CLUB
IN CHURCH PROGRAM

Kaukauna—Another Happy Sunday evening service will be presented Sunday at Brook Memorial Methodist church. The Oxford club of Lawrence college will present a program entirely different from those of the past. This club is composed of young men and women who expect to dedicate their lives to Christian work.

Last Sunday evening a record crowd attended the services. Over three hundred people were in the Methodist church auditorium.

Sunday evening's program will be as follows: Organ prelude, Miss Grace Morrison; prayer, Randall R. Penhale; Scripture lesson, Gr. Salisbury; vocal solo, "The Holy City" (Gaul); Gordon Bush; quartet, "Incline Thine Ears"; P. H. Heenan; offertory, Arthur Lean; remarks and announcements, the Rev. T. Parker Hilborn; hymn, congregation; sermon, "The Growing Christ," Kenneth Newton; hymn, congregation; benediction, Rev. T. Parker Hilborn; postlude, Miss Grace Morrison.

Kenneth Newton who will preach the sermon is a Combined Locks boy. Mr. Newton has spent some time at the Mission college at Plymouth.

OPENS STORE

Kaukauna—A. Van Lanen has opened a harness and auto upholstery shop at 113 Central-st. in the building formerly occupied by the L. E. Vandenberg Construction Co. Before coming to Kaukauna Mr. Van Lanen was engaged in the auto trimming business at Green Bay and Sheboygan.

WED IN NORTH DAKOTA—Kaukauna—Ford has been received here announcing the marriage of Anthony Michael to Miss Elizabeth Rose of Cathlay, N. D. The ceremony took place at the home of the bride Thursday afternoon. Mr. Michael was a former Kaukauna boy.

KAUKAUNA PERSONALS—Kaukauna—Miss Jojo Peranteau of Oconto is visiting with her parents, Mr. and Mrs. John Peranteau. Garet Kraemer of Sheboygan, Canada, is visiting relatives in Kaukauna.

Mr. and Mrs. P. T. Miller of Duluth, Minn., are visiting friends in this city.

R. P. Hampstead of Milwaukee was a business caller in Kaukauna Thursday.

A treat indeed is ENZO JEL. Adv.

The Post-Crescent's representative at Kaukauna is Gordon Patton. His telephone numbers are 298 J and 10. Business with The Post-Crescent may be transacted through Mr. Patton.

YOUNG PEOPLE VOTE TO
FORM JUNIOR CHURCH

Kaukauna—The Minister's Instruction class of the First Congregational church held a meeting at the home of the Rev. Robert B. Falk Sunday evening. Members of the class agreed to organize a Junior church which is to hold services at 4 o'clock every Sunday afternoon. Officers elected were: Assistant minister, Dean Copp; clerk, Alta Pahl; treasurer, Mary Taylor; trustees, R. Falk, Jr., Donald Lin, Helen White and Alice Welch; finance committee, Lorraine Balgie, Robert Pahl and Wallace Mooney; pianist, Alta Pahl.

Alta Pahl, Robert Pahl, Helen White, Alice Welch, Lucille Welch, Wallace Mooney, Dorothy Mooney, Robert Balgie, Evelyn Parker, Dorothy Look and Alvian Wheelock all members of the church choir, are to serve at 10:30 services Sunday morning.

BRILLION COUPLE
MARRY THIS WEEK

Miss Marie Ullenbruch Becomes Bride of Edward Fischer Saturday Afternoon

Special to Post-Crescent—Miss Marie Ullenbruch and Edward Fischer were married Saturday afternoon at the home of Mr. and Mrs. Emil Landmann. The ceremony was performed by Rev. William Leonhardt of the Friedens church. The attendants were Corn Fischer and Elmer Kamke. A wedding dinner was served to immediate relatives. The couple will live here, the groom being employed at the Brillion Iron works.

Mrs. George Fox and daughter of Green Bay are visiting Mrs. W. Petty, who has been ill.

Mr. and Mrs. M. P. Ohlsen entertained friends at a 6 o'clock dinner Sunday.

Before the remodeling of the Masonic hall a party was given by the Masons to their families and the Eastern Star and families. Friday evening cards were played and later dancing. Cards were played and later dancing. Cards were played and later dancing. Cards were played and later dancing.

The Royal Neighbors meet at the room of Mrs. G. Tschantz on Monday evening.

M. W. A. Camp No. 2468 has elected new officers. They are: Counsel, Henry Albert; advisor, Christ Tschantz; clerk, W. A. Koch; banker, A. B. Haase; escort, Dale Andrews; watchman, J. J. Probst; sentry, Fred Krause; physician, Dr. I. N. McComb; trustee, three years, J. Probst; Hy Leppla.

Officers elected by St. Mary's church are: J. W. Binsfeld, secretary; Arthur J. Neumeyer, treasurer; Clem Wolf, Louis Rank, consultants. The Christian Mothers named the following officers: President, Mrs. Charles Berg; vice president, Mrs. John Binsfeld; secretary and treasurer, Mrs. G. A. Schneider.

Miss Monica Rank, a student nurse at Mercy hospital, Oshkosh, returned home with her mother, who had been a patient there.

A skating rink has been constructed on the vacant lot of Dale Andrews on Park-ave, opposite the Arians home.

The following were elected officers for the ensuing year at the Royal Neighbor meeting last week: Oracle, Mrs. Ed Jank; vice oracle, Miss Alice Kruschinski; past oracle, Mrs. Fred Otto; recorder and receiver, Mabel J. Luecker; chancellor, Mrs. Fred E. Luecker; marshal, Mrs. B. Haase.

The Brillion City band held its annual election of officers: President, Clem Wolf; secretary and treasurer, Isador Christel; director, Carl Wolf. The band now has a membership of 25.

At the annual meeting of the Evangelical Friedens congregation Sunday, the following officers were elected for the ensuing year: President, W. A. Koch; secretary, Hy Albert; treasurer, A. B. Haase; trustees, Fred L. Luecker, John Eriksson, William Schuler, Mrs. M. H. Smith; clerk at her home Sunday afternoon after a lingering illness. Funeral services were held Wednesday morning at 1 o'clock. The body was taken to Manitowoc for burial.

U. W. IS TEACHING MORE PERSONS THAN ANY OTHER COLLEGE

State University Has Total Student Enrollment of 40,450

Madison—More individuals now are receiving instruction from the University of Wisconsin than from any other university or college of the United States.

Including 32,130 extension students, and 8,250 full time resident students, the Badger state university this year has a "supergrand total" enrollment of 40,450, well in advance of the similar total of 37,724 full time, part time, and extension students of Columbia university, New York city, given along with statistics on registration of the large United States universities in the current number of "School and Society."

The Wisconsin extension enrollment is more than twice as large as the registration of 14,321 extension students of the University of California which ranks second. No other university has more than 10,000 extension students. Wisconsin ranks ninth in the number of full-time regular students. The University of California leads in full-time student registration with 17,101.

The summer session of Wisconsin in 1926 was the fourth largest in the country. Its 3,880 students compare with 22,219 at Columbia, 10,563 at California, and 6,532 at Chicago.

Resident students of Wisconsin lean toward the general course more than do most other universities, the "School and Society" statistical compilation indicates.

The 6,164 students in liberal arts at the Badger institution constitute the second largest enrollment in such colleges or departments. California leads with 9,309 liberal arts students.

The Wisconsin student body also is differentiated from others by the large proportion of women. Again it is second only to California in this respect with 2,689 as compared with the Golden Gate university's 5,468 women undergraduates. It may be surmised, although exact figures are not given, that Wisconsin's women enrollment is the largest of any one campus.

Since the California figures are for both the Berkeley and the Los Angeles (Southern Branch) student bodies, The Wisconsin enrollment of women is larger than the student body of any of the exclusively women's colleges except Hunter.

Wisconsin's 333 journalism students are more than those in any other university. Missouri ranks second with 253.

Wisconsin leads all other universities in the number of music students with 243. Northwestern, with 222, is second.

The enrollment increase in the full-time student body at Wisconsin—6 per cent—is well above the average increase in the 25 largest universities of the country, which show this year an average increase of 4 per cent over 1925, according to the statistical report.

Wisconsin ranks twelfth among United States universities in size of faculty, although it is ninth in size of resident enrollment and first in extension enrollment. The teaching staff numbers 555 and the administrative staff 53. Columbia has the largest faculty in the country with 2,132 teachers and 67 administrative officers.

An annual vacation of 15 days for all workers is compulsory under a new law recently put into effect in Brazil.

STAGE And SCREEN

FORMERLY WITH MAUD ADAMS

There are few actors today that have greater reason to be proud of their achievements than Don Merrifield, member of the Gross Ross Players who are coming to the Appleton Theatre starting next Monday. Mr. Merrifield played for two seasons with Maud Adams when traversed the country in those memorable triumphs. For five years Mr. Merrifield was under the management of that famous producer Daniel Frohman and during that time played with all the stars then under Mr. Frohman's guidance. It is however, with Maud Adams that Mr. Merrifield felt his greatest happiness.

Mr. Merrifield plays the character parts with the Gross Ross Players. In *THE GORILLA* he plays the title role of the Gorilla. In his capable and experienced hands, the part is ably enacted.

"SHAMROCK HANDICAP" HUMOR IS BALANCE FOR IRISH PATHOS

"The Shamrock Handicap," Fox Film's latest release, is one of the screen's rare masterpieces in which Irish humor is finely blended with pathos. It is a creation of John Ford, famous as the director of "The Iron Horse," who is a master when it comes to putting this type of drama on the screen. "The Shamrock Handicap" is at the New Bijou today and Saturday.

Peter B. Kyne wrote this drama about a heroic Irish jockey and a famous Irish hurdle racer who come to America and make a cleanup on the race tracks. In spite of injuries he goes out and wins over the rival who caused his injury and wins the race and the girl.

Ford has in his cast some of the most famous of the screen's actors. Among them are J. Farrell MacDonald, famous as Casey of "The Iron Horse," and Janet Gaynor, heroine of "The Johnstown Flood" and Leslie Fenton, "Sandy's" sweetheart, who have the leads.

COLD GONE! HEAD AND NOSE CLEAR

First dose of "Pape's Cold Compound" relieves all gripe misery

Don't stay stuff up. Q u i t blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only thirty-five cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

FAVOR DORMITORY FOR FRESHMAN GIRLS

College Leaders Discuss Plan for Housing First Year Students

That a freshman girls dormitory at Lawrence college would be a good experiment was the opinion of presidents of women's social organizations at a meeting at the Kappa Delta sorority rooms on E. Lawrence-st Wednesday evening. Dr. Henry M. Wriston, president of the college, and Miss Twila Lytton, dean of women, attended the meeting.

The plan would be similar to that adopted at Wellesley college. It was thought, provided the freshman dormitory was established here. Upper class girls who were scholastic and class leaders would be selected to take charge of the hall and help the freshmen in their progress at school. Selection for this work would be considered an honor. It was generally believed.

The discussion probably will be continued at the next meeting of the girls. The purpose of these gatherings is to show the students through the discussions that there are larger interests than the personal group ones. All of the social organizations were represented Wednesday except Sigma Alpha.

TWO NEW COUNTERFEIT NOTES IN CIRCULATION

Descriptions of two new counterfeit United States and Federal Reserve notes have been furnished by the treasury department of the United States government. Both the \$20 Federal Reserve note and the \$5 United States note should be easily detected by the average handler of currency, the report stated.

"The \$5 note is of the series of 1907, has check letter A, face plate No. 339; back plate No. 122; H. V. Speelman, register of the treasury; Frank White, treasurer of the United States; portrait of Jackson. The note was apparently printed by photomechanical process on one piece of paper without imitation silk threads. The paper is rendered brittle by chemical treatment and is easily torn.

"About one inch shorter than the genuine, the counterfeit has a corresponding discrepancy in width, and the face reflects a subdued gray tone which should attract immediate attention.

The back is printed out in pale grass green. The specimen at hand in the treasury department bears serial number K9083107 printed lightly over parallel lines which have been retouched at the upper right in such a manner as to make the background appear streaky. The wavy lines in the background next to the portrait are also irregularly formed through similar treatment and the seal is spaced too far to the right until it contacts with D. in D. C.

The \$20 note is on the Federal Reserve bank of New York City of the series of 1914. The following specifications were given: check letter A; face plate number indistinct, probably 279; back plate No. 823; Frank White, treasurer of the United States; A. W. Mellon, secretary of the treasury; portrait of Cleveland.

"This counterfeit is printed by photomechanical process on two pieces of paper between which imitation silk threads have been distributed. The face presents a spongy appearance due to poor printing. The seal is executed imperfectly in dull blue, while the most striking characteristic—serial numbering—should instantly identify the note as counterfeit, the numerals and inclosing letters being printed in boldface type of a style foreign to the design appearing in the genuine. Specimen at hand bears serial number L794339B."

BAN INTIMATES HE MAY NOT QUIT JOB

Cobb-Speaker Case Will Be Bone of Contentment at Sunday Meeting

Chicago—(P)—The growing list of nominations for the job of President of the American League, is a bit premature, the founder of the league and its ruler for more than a quarter of a century intimated Friday. Mr. Johnson indicated as to decide what to do with the resignation of Ty Cobb and Tris Speaker. There also is bound to be discussion around the publication of the Leonard's letters given the commissioner by the league directors last September. All but Johnson signed a letter to the commissioner authorizing him to use the letters as he saw fit.

RIPON WILL PLAY 1927 GRID GAMES ON FRIDAY

Ripon—(P)—Ripon college next year will hold its home football games on Friday instead of Saturday, as has been the custom for generations, it was announced by Coach Carl Doehling. The move is the result of interest in the Big Ten games at the University of Wisconsin.

K. C. BOWLERS CALL OFF MONDAY MATCHES

Elk bowling alleys will be open to the public and for match games Monday evening, according to Clarence Currie, alley manager. The Knights of Columbus League which bowls that night has postponed its games because of a lecture at Lawrence chapel.

Merkel Plays Last Game For Wisconsin Saturday

Madison—(P)—Ghosts of yesterday's team will be the only members of the team free from the strain of mid-air over the Wisconsin hardwood as the Badger team will play its last game on Saturday night at Evanston, Ill. The team will be led by Coach Frank Meyer.

40 SKATERS ENTERED IN GREEN BAY RACES

Green Bay—(P)—Skaters from Oshkosh, Appleton, and other Fox River valley clubs are expected to participate Sunday in the Green Bay Gaiety's fourth annual ice skating tournament at Joanne's park here. Forty entries have been received. Cups and cash prizes will be awarded the winners.

MOON BAKER SIGNS TO MAKE COMEDIES

Rockford, Ill. (P)—Ralph (Moon) Baker, Northwestern's All-American football star, has signed a one-year contract to make a series of 12 motion picture comedies. It was announced today by Harry Ryan of Rockford, Baker's business manager.

BOXING ADDED TO INTERMURAL SPORT PROGRAM OF ORANGE

Coach Shields Plans for Mitt Contests in 11 Classes Soon

Another minor sport was added to the intermural sport program of Appleton high school, started this year by Coach Joseph Shields, when it was announced that plans had been completed for a school boxing tournament which will be held in a few weeks. Already an intermural class basketball league is functioning and plans are being completed for interclass ski and skating tournaments as well as wrestling, and later in the year tennis and golf.

Coach Shields plans to have the matches some Saturday afternoon in the high school gymnasium. Three one-minute rounds will comprise each bout and the winner will be chosen by the judges.

APPLETON HIGH SCHOOL'S FIRST INTER-CLASS SKI TOURNAMENT

Class ski tournament will be held at 2 o'clock Saturday afternoon at the Riverview country club. Coach Joseph Shields announced Thursday afternoon. Coach Shields urged all ski fans of the school to get into the event and be on hand promptly.

The first ski carnival of the school will be held on Saturday, Jan. 29 at Jones park. Interclass hockey games, will occupy the morning. In the afternoon will be the interclass races between both the boys and girls. It is hoped to make the races an annual event.

PETROLELLA FAILS TO ELIMINATE IDAHOAN

Chicago—(P)—Billy Petrolle is knocking at the lightweight championship door but apparently the Fargo challenger cannot shake Spug Myers, clever Idahoan. A chance at Sammy Mandell's crown was promised Petrolle if he beat Myers Thursday night, but after ten peppery rounds two judges and a referee agreed that the fight was a draw.

BADGERS HATE HIGHEST IN BIG TEN CAGE WORK

Madison—Harvey T. Woodruff, Editor of the Chicago Tribune's Wake of the News, recently wrote the following reply to an inquiry about which Big Ten basketball team had established the best record to date: "We have not a complete record of games won and lost by each team, but, based on percentages, generally recognized as determining the title, or ties for the lead in the percentage standing, Wisconsin's Badgers have a slightly higher rating than Chicago's Maroons in the period from the season of 1925-26 to the present."

APPLETON PUCKSTERS ARE IDLE ON SUNDAY

Schlafers-Galpin Maroons of Appleton will not play a game in the valley hockey league this Sunday, because of the Northwestern Wisconsin skating championship races at Green Bay. Practically every member of the team is included in the large delegation from this city which will compete in the Bay events. Appleton was to play Oshkosh, tied for first place, after a rest of two weeks. Menasha and Neenah, the other first-place team, will clash at Neenah.

MICHIGAN AGS PLAY MARQUETTE SATURDAY

Madison—(P)—Milwaukee's first glimpse of a Central Intercollegiate conference basketball game is scheduled for Saturday when Marquette university will meet the Michigan Aggies here. Marquette has lost conference games to the Aggies and Butch Slaughter, Marquette's quarter guard, is expected to play a key role in the game.

40 SKATERS ENTERED IN GREEN BAY RACES

Green Bay—(P)—Skaters from Oshkosh, Appleton, and other Fox River valley clubs are expected to participate Sunday in the Green Bay Gaiety's fourth annual ice skating tournament at Joanne's park here. Forty entries have been received. Cups and cash prizes will be awarded the winners.

MOON BAKER SIGNS TO MAKE COMEDIES

Rockford, Ill. (P)—Ralph (Moon) Baker, Northwestern's All-American football star, has signed a one-year contract to make a series of 12 motion picture comedies. It was announced today by Harry Ryan of Rockford, Baker's business manager.

HAS ALIBI

"CHICK" HAFEY St. Louis—If the St. Louis Cardinals had been defeated by the New York Yankees in the 1926 world series, "Chick" Hafey would have been the goat.

His play throughout the series in the field and at bat was very erratic. He misjudged three easy fly balls that went as two-base hits instead of out and struck out more times than any other player in the series.

As soon as the series was over, Hafey went to an eye specialist for a thorough examination. It showed that he was suffering from a severe sinus infection and an operation was immediately ordered.

GLENN COLLETT CHANGES STYLES

Former Shy Champion Golfer Acquires Fight; Starts New Golf Club

New York News dispatches carry the information that a certain little doll named Glenna Collett has rolled up her sleeves and is aggressively engaged in organizing and promoting a new golf club for women only, to cost \$300,000 and be located up near Greenwich.

PETROLELLA FAILS TO ELIMINATE IDAHOAN

Chicago—(P)—Billy Petrolle is knocking at the lightweight championship door but apparently the Fargo challenger cannot shake Spug Myers, clever Idahoan. A chance at Sammy Mandell's crown was promised Petrolle if he beat Myers Thursday night, but after ten peppery rounds two judges and a referee agreed that the fight was a draw.

KIMBERLY BATTLES FOR TOP POSITION

K-C Cagers Play Sheboygan at Ship City to Break First-place Tie

Kimberly—When Sheboygan cagers step on the gas at the new Eagles hall in Sheboygan, they will meet a determined Kimberly team that is out to break their string of losses incurred at New London and against the Niagara Stars. Incidentally first place in the State League will be at stake as the Sheboygan and K. C. teams are even up for the position, each having won five and lost one in the league.

Sheboygan, with Jack McAuliffe in the lineup, trounced Kohler on Tuesday by a 38 to 32 score. Foul play was numerous in the game, four men being ushered from the court after taking the usual four. Among the men put out because of four personals were: Lemo and Batura, the chief offensive threats of the Kohler squad.

From Sheboygan on Friday night, the Kimberly squad will travel to Menominee, Mich., where they take on the Lloyd Loom crew Saturday night. Next Thursday Doc Delmore and his Two Rivers aggregation will travel to Kimberly in a State League game. The Delmore men are up in there every minute and should Kimberly lose to Sheboygan, these two teams will be in a tie for second position. As a preliminary for the Two Rivers-Kimberly State League game the Neenah-Kimberly Clarks will stage a battle against the Kimberly Industrial League squad.

Madison—(P)—Milwaukee's first glimpse of a Central Intercollegiate conference basketball game is scheduled for Saturday when Marquette university will meet the Michigan Aggies here. Marquette has lost conference games to the Aggies and Butch Slaughter, Marquette's quarter guard, is expected to play a key role in the game.

40 SKATERS ENTERED IN GREEN BAY RACES

Green Bay—(P)—Skaters from Oshkosh, Appleton, and other Fox River valley clubs are expected to participate Sunday in the Green Bay Gaiety's fourth annual ice skating tournament at Joanne's park here. Forty entries have been received. Cups and cash prizes will be awarded the winners.

MOON BAKER SIGNS TO MAKE COMEDIES

Rockford, Ill. (P)—Ralph (Moon) Baker, Northwestern's All-American football star, has signed a one-year contract to make a series of 12 motion picture comedies. It was announced today by Harry Ryan of Rockford, Baker's business manager.

Broken Threads

WHAT HAS GONE BEFORE
To the home of PROF. and MOL-
LIE ELWELL in Caudenville, Ind.,
one night in October, 1893, comes
MARTHA DALTON, a nurse, bear-
ing a woman who had fainted on a
train.

Elwell is an artist. He has a son,
JIM, aged 5. Late that night the wo-
man bears twin girls and dies with-
out revealing her name.

The story then moves forward 18
years. The twins, now growing to
beautiful womanhood, have been
adopted and named MARGARET and
ELIZABETH. They have been nick-
named RUSY and BETTY.

Jim Elwell enlists in the World
War. He then discovers one of the
twins is in love with him.

Put in charge of a machine gun
unit, he is shell-shocked and, through
a mixup, is registered as JOHN POW-
ELL. He is removed to an American
hospital and reported dead. The fam-
ily gets the news of his death and is
heartbroken.

It then is discovered that the father
of the twins is dead and that they
are the nieces of the wealthy JOHN
CLAYTON of Indianapolis. Then all
go to the Clayton home, where, after
a short stay, a party is given in hon-
or of the twins and FREDDIE LAW-
RENCE, a conceited young fool, has
Betty go through the motions of reg-
istering before a movie camera. He
tries to kiss her.

NOW BEGIN THE STORY
CHAPTER XXVII

Betty's hand suddenly had slipped
and pushed Freddie Lawrence's
face away.

It was not a gentle push. Into it
she had packed a good deal of the
muscular power of her strong little
body, and Freddie's face went back
with violence.

"Pardon me, Mr. Lawrence," she
said sweetly, "but this is where the
action stops, and she slipped away
and out of his hands."

"Haw!" The youth named
Phillips was guffawing heartily, and
suddenly seized with inspiration, he
started a salvo of handclapping.

John Clayton smiled broadly. "That
was the best I've seen in a long time,"
he confided to Prof. and Mollie. "Freddie's
little game didn't work that time."

Freddie was rubbing his nose. It
was a tender nose and it had been
rudely treated by Betty. It began to
grow red, and it looked as if it was
getting ready to swell.

One of the girls sympathetically of-
fered her powder puff. Freddie, al-
though it was plain to be seen that
his ego has suffered a terrible wal-
lop, moved over to Betty and very
graciously congratulated her on hav-
ing bested him at his little game.

"You see," the sweet young thing
in red was explaining to Rusty, "I
has worked this so many times on
different girls that we have enjoyed
this immensely."

"But," Mollie Elwell protested to
John Clayton, "won't he think it rat-
her rude of Betty? Won't the other
young people be displeased?"

"Nothing of the kind, my dear,"
he assured her. "You must remember
that people who have money very
often fall to worry about their man-
ners. The joke's on Freddie, and
Betty has nothing to be sorry for."

As a matter of fact, with the pos-
sible exception of Freddie Lawrence,
everyone here owes the young lady
a debt of gratitude for entertaining
them.

Mollie Elwell's first peep under the
shell of the "smart set" she had
heard so much about was something
of a disappointment to her. She had
thought to have her ears regaled with
epigrams of sparkling wit, scintil-
lating repartee and disquisition on art,
literature and music. Instead she
heard a continuous flow of spicy
scandal and a line of slang that
would have made Jim at his best seem
like a church deacon.

Also she had overheard a flapper
of eighteen summers demand to know
of a young man, without any attempt
whatever to make her question se-
cretive, whether he had anything on
his hip.

And upon being told by the young
man that he was very sorry to re-
port that nothing was doing, she had
turned up her nose in disgust.

The night after the party for the
twins, John Clayton brought up the
subject.

"I shouldn't wonder," he said, "if
your mild little touch of high life last
night would last you for some time.
Still, I noticed that you seemed to
get some enjoyment out of the party.
You were smiling most of the time."

"Oh," answered Mollie, smiling still.
"I was rather interested—in a way.
And I had to look cheerful, you know,
whether I felt that way or not."

Prof, sitting close at hand and con-
tentedly smoking one of John Clay-
ton's fifty-cent cigars, couldn't let
that go by. He had to sink a har-
poon into it.

"At that, John," he remarked, call-
ing the girls' uncle by his first name
for the first time, "anyone can smile
and keep on smiling and still not get
red in the face about it. Wasn't it
the well known Cheshire cat that
tried to look cheerful and even grin-
ed at the antics of the king's fool?"

John Clayton laughed. He liked
Prof's quaint way. "Your compar-
ison is not badly chosen," he made re-
ply, "and the Cheshire cat." I dare
say, Prof., was a wise old cat that
knew sweet cream from curdled milk.
And even so, you'll remember that the
king's fool as just an actor on the
stage of his day. He played his little
parts, in the comedy of life. Court
customs of that day called for a king
to employ a clown with cap and bells.
Like the hardworked business man of
today, the king required a little di-
version at times. All work and no fun
makes of life a dull thing, just all fun
and no work seldom fail in time to
produce a jaded appetite for play.

"No matter how much of a taste
one has for sweetmeats, if kept on
an exclusive diet of them that taste
in time would become satiated. And
yet the taste could be retained if
sharpened occasionally by the salt
acid of a little pickle, the most pibian
of appetizers."

"It is the same with the greatest
masterpieces of literature or music.
They will pall on the mind if never
seasoned with the leavening qualities

of commonplace things. A jazz-tune
once in a while is to the musical
taste what a cocktail is to the phys-
ical; it lends zest to the appetite for
richer foods.

"A proper balance that is the thing
—a happy medium. Grandfather's
clock ran true for ninety years
against the wall because its tick was
regulated by a properly balanced
pendulum. So it is in the social life
of today—I hope you won't think I'm
lecturing, but I think there are cer-
tain things about life today that call
for complaint and criticism. Not all
of society, by any means—I don't
mean society in the broad sense, but
the society of the Sunday papers—
either in this city or elsewhere is
made up of vain and frivolous women
and brainless men, like Freddie Law-
rence, for instance. The people you
saw last night constitute just the
froth, the air-filled bubbles in the
brew of society that rise to the top
like the froth on beer. But you and
I like our beer at times and we like
to see the froth because it is part
of the whole, and yet we blow it away
or drink through it when we drink
our beer."

Prof nodded slowly. "You're right
And the girls—they must see life in
its various aspects in order to get a
sense of proper values."

"Mollie laughed. She was worrying,
she said, about Freddie Lawrence's
nose. "You see," she exclaimed at
Clayton's laugh, "you don't under-
stand the training those girls have
had. You never heard, I suppose,
about the time that Rusty laid out
the prizefighter with a croquet ball."

Clayton hadn't. "I'd have given a
thousand dollars to see it. Tell me."

Mollie did, and her voice grew very
soft when she mentioned Jim—gay-
hearted, laughing Jim, who lay some-
where in a grave in France. . . .

The end of that week brought the
first separation of the girls' lives
from Prof. and Mollie.

The Stewells were compelled to go
back, they told John Clayton, be-
cause of work Prof. had contracted
for. They left however, with the
understanding that Rusty and Betty
should come to Caudenville the fol-
lowing Friday from the week-end.

They returned to the home where
Jim and the girls had been born with
heavy hearts, bowed down with a
new loneliness. The mantle of sor-
row that seemed to hang over the
place was doubly oppressive now that
the girls no longer came with Betty.

Every chair, every article of furni-
ture seemed to bring back poignant
memories of the days when the voices
of Jim and his pals had rung through
the house.

The evening was even worse. Both
with their chairs drawn close to each
other sat at the table in the sitting
room for an hour, trying to read. It
was a dismal failure. Depression
clutched at their hearts with a hand
like ice, and finally Mollie could stand
it no longer.

"Oh, Prof, dear," she wailed, "how
are we ever going to stand it? I can
hear my boy's voice calling me, ring-
ling all the time. Oh, my boy, my
boy, your mother's heart is break-
ing!"

Prof, blinked rapidly and swallowed
hard to force down the lump that had
come up in his throat, and then lean-
ing forward he took her two hands
in his own.

"It's tough, Mollie girl," he said
with an effort, "mighty tough. But
dear, you know there are thousands
of other parents who have lost their
boys."

They must remember, he said, that
for more than twenty-four years God
had given them a joy and happiness
that only a few are given. "Into all
lives," you know, Mollie, some grief
must come; some days must be dark
and dreary. Sometime, somewhere,
perhaps, we'll meet up with Jim
again. Then, my dear, these days will
be forgotten. So brace up, old com-
rade, and keep a stiff upper lip. You
are still my Mollie girl, and life still
still holds much for us."

He spoke, however, with a cheer-
fulness he was far from feeling. He
was telling himself that neither he nor
Mollie would ever be able to lift up
their hearts again in the old time
happiness.

But Dame Destiny, in her little
game with the Elwell family, was dis-
tributing her pawns again and in a
strange manner. At noon on the fol-
lowing day, just fifteen hours after
Prof Elwell had finished telling Mol-
lie that the sun would shine again for
them, the dark cloud hanging over
the old home broke and the sun's

bright gleam steamed through its
rifts.

And a grand old sun it was. Prof.
was perched by the dining room win-
dow when the messenger boy knock-
ed at the front door, and through
eyes that danced fantastically he
read the news that his son Jim Elwell
was still alive.

(To Be Continued)

Jim is alive, but Prof. and Mollie
do not know that his is a living
death.

Read what Mrs. Kingsbury has
to say! How ALL-BRAN brought
wonderful relief from constipation
and indigestion.

"I am desirous of notifying you how satis-
fied both my husband and I are and the
benefit we have received from Kellogg's
ALL-BRAN. Before taking ALL-BRAN
we were doctoring every day. Now ALL-
BRAN is our doctor and it sure does the
work. It's just wonderful for constipation
and indigestion."

Mrs. W. D. KINGSBURY
Greenfield, Mass.

Constipation causes more than
forty serious diseases. Don't let it
carry on its poisonous work in your
body. Check it before too late.
Kellogg's ALL-BRAN is guaran-
teed to relieve constipation. Eat
two tablespoons daily—in chronic
cases, with every meal.

Serve ALL-BRAN with milk or
cream—add fruits or honey for an
extra treat. Comes ready to eat.
Try it in cooking. Sold and served
everywhere. Made by Kellogg in
Battle Creek. Recipes on package.

First Class in Advertising
Will Be Held Friday Eve-
ning

"Advertising defined" will be the
subject at the first class of the nine
weeks course in advertising for begin-
ners which will start at Appleton Vo-
cational school Friday night. The
course is being sponsored by Appleton
Advertising club which will furnish
teachers from members of the club.

It will be shown in the first lesson
how advertising protects the consum-
er. H. G. Moyle of the Appleton Press
will conduct the class.

The course will be similar to the one
offered several years ago by the local
club. It is based on the text, "A Short
Course in Advertising," by Alex F. Os-
borne, an advertising man whose ex-
perience has been broad and intensive.
Mr. Osborne has drawn on the experi-
ences of almost a thousand marketing
men and he has written the book in a
way that will help the average busi-
ness man dissect and solve his own
problems.

Following the advice of Herb Hellis,
director of the vocational school, who
assisted in arranging the course, di-
rectors of the club have limited the
membership of the class to 20. Nine-
teen have enrolled. Classes are to be
held every Friday night.

College Debators
Talk at Brillion

College Plan Gives Experi-
ence to Larger Number of
Students

Lawrence college debate teams made
their initial appearance in a non-de-
cision debate at Brillion Wednesday
evening when they argued for the en-
actment into law of the essential fea-
tures of the McNary-Haugen farm re-
lief bill. Members of the affirmative
team were Gordon Clapp of Ellsworth,
Wilbur Schmidt of Brillion, and Ar-
thur Mueller of Wausau. The negative
team included Raymond Fink and Bur-
ton Manser of Appleton, and Charles
Barnard of Brillion. Prof. A. L.
Pranzke, debate coach, and the men
on the squads were entertained at the
homes of Brillion debaters.

The next debate will be at Chilton
on Thursday, Jan. 27. Two men on the
Lawrence affirmative squad will meet
two men from the negative team of
Occidental college of Los Angeles, Cal-
if., at a meeting of the Menasha Ki-
wanis club on Feb. 5. The names of the
debaters have not been announced.

Lawrence has four teams this year
and these are interchanged for the
scheduled meets, thus giving a great-
er number of men experience in de-
bating. The same policy has been fol-
lowed in past years. Most of the de-
bates on the schedule will be non-de-
cision in character, but teams from
other colleges will be met.

Read what Mrs. Kingsbury has
to say! How ALL-BRAN brought
wonderful relief from constipation
and indigestion.

"I am desirous of notifying you how satis-
fied both my husband and I are and the
benefit we have received from Kellogg's
ALL-BRAN. Before taking ALL-BRAN
we were doctoring every day. Now ALL-
BRAN is our doctor and it sure does the
work. It's just wonderful for constipation
and indigestion."

Mrs. W. D. KINGSBURY
Greenfield, Mass.

Constipation causes more than
forty serious diseases. Don't let it
carry on its poisonous work in your
body. Check it before too late.
Kellogg's ALL-BRAN is guaran-
teed to relieve constipation. Eat
two tablespoons daily—in chronic
cases, with every meal.

Serve ALL-BRAN with milk or
cream—add fruits or honey for an
extra treat. Comes ready to eat.
Try it in cooking. Sold and served
everywhere. Made by Kellogg in
Battle Creek. Recipes on package.

Kellogg's
ALL-BRAN

It is the same with the greatest
masterpieces of literature or music.
They will pall on the mind if never
seasoned with the leavening qualities

of commonplace things. A jazz-tune
once in a while is to the musical
taste what a cocktail is to the phys-
ical; it lends zest to the appetite for
richer foods.

"A proper balance that is the thing
—a happy medium. Grandfather's
clock ran true for ninety years
against the wall because its tick was
regulated by a properly balanced
pendulum. So it is in the social life
of today—I hope you won't think I'm
lecturing, but I think there are cer-
tain things about life today that call
for complaint and criticism. Not all
of society, by any means—I don't
mean society in the broad sense, but
the society of the Sunday papers—
either in this city or elsewhere is
made up of vain and frivolous women
and brainless men, like Freddie Law-
rence, for instance. The people you
saw last night constitute just the
froth, the air-filled bubbles in the
brew of society that rise to the top
like the froth on beer. But you and
I like our beer at times and we like
to see the froth because it is part
of the whole, and yet we blow it away
or drink through it when we drink
our beer."

Prof nodded slowly. "You're right
And the girls—they must see life in
its various aspects in order to get a
sense of proper values."

"Mollie laughed. She was worrying,
she said, about Freddie Lawrence's
nose. "You see," she exclaimed at
Clayton's laugh, "you don't under-
stand the training those girls have
had. You never heard, I suppose,
about the time that Rusty laid out
the prizefighter with a croquet ball."

Clayton hadn't. "I'd have given a
thousand dollars to see it. Tell me."

Mollie did, and her voice grew very
soft when she mentioned Jim—gay-
hearted, laughing Jim, who lay some-
where in a grave in France. . . .

The end of that week brought the
first separation of the girls' lives
from Prof. and Mollie.

The Stewells were compelled to go
back, they told John Clayton, be-
cause of work Prof. had contracted
for. They left however, with the
understanding that Rusty and Betty
should come to Caudenville the fol-
lowing Friday from the week-end.

They returned to the home where
Jim and the girls had been born with
heavy hearts, bowed down with a
new loneliness. The mantle of sor-
row that seemed to hang over the
place was doubly oppressive now that
the girls no longer came with Betty.

Every chair, every article of furni-
ture seemed to bring back poignant
memories of the days when the voices
of Jim and his pals had rung through
the house.

The evening was even worse. Both
with their chairs drawn close to each
other sat at the table in the sitting
room for an hour, trying to read. It
was a dismal failure. Depression
clutched at their hearts with a hand
like ice, and finally Mollie could stand
it no longer.

"Oh, Prof, dear," she wailed, "how
are we ever going to stand it? I can
hear my boy's voice calling me, ring-
ling all the time. Oh, my boy, my
boy, your mother's heart is break-
ing!"

Prof, blinked rapidly and swallowed
hard to force down the lump that had
come up in his throat, and then lean-
ing forward he took her two hands
in his own.

"It's tough, Mollie girl," he said
with an effort, "mighty tough. But
dear, you know there are thousands
of other parents who have lost their
boys."

They must remember, he said, that
for more than twenty-four years God
had given them a joy and happiness
that only a few are given. "Into all
lives," you know, Mollie, some grief
must come; some days must be dark
and dreary. Sometime, somewhere,
perhaps, we'll meet up with Jim
again. Then, my dear, these days will
be forgotten. So brace up, old com-
rade, and keep a stiff upper lip. You
are still my Mollie girl, and life still
still holds much for us."

AD WRITERS TAKE

TEACHERS' ROLES

First Class in Advertising
Will Be Held Friday Eve-
ning

"Advertising defined" will be the
subject at the first class of the nine
weeks course in advertising for begin-
ners which will start at Appleton Vo-
cational school Friday night. The
course is being sponsored by Appleton
Advertising club which will furnish
teachers from members of the club.

It will be shown in the first lesson
how advertising protects the consum-
er. H. G. Moyle of the Appleton Press
will conduct the class.

The course will be similar to the one
offered several years ago by the local
club. It is based on the text, "A Short
Course in Advertising," by Alex F. Os-
borne, an advertising man whose ex-
perience has been broad and intensive.
Mr. Osborne has drawn on the experi-
ences of almost a thousand marketing
men and he has written the book in a
way that will help the average busi-
ness man dissect and solve his own
problems.

Following the advice of Herb Hellis,
director of the vocational school, who
assisted in arranging the course, di-
rectors of the club have limited the
membership of the class to 20. Nine-
teen have enrolled. Classes are to be
held every Friday night.

College Debators
Talk at Brillion

College Plan Gives Experi-
ence to Larger Number of
Students

Lawrence college debate teams made
their initial appearance in a non-de-
cision debate at Brillion Wednesday
evening when they argued for the en-
actment into law of the essential fea-
tures of the McNary-Haugen farm re-
lief bill. Members of the affirmative
team were Gordon Clapp of Ellsworth,
Wilbur Schmidt of Brillion, and Ar-
thur Mueller of Wausau. The negative
team included Raymond Fink and Bur-
ton Manser of Appleton, and Charles
Barnard of Brillion. Prof. A. L.
Pranzke, debate coach, and the men
on the squads were entertained at the
homes of Brillion debaters.

The next debate will be at Chilton
on Thursday, Jan. 27. Two men on the
Lawrence affirmative squad will meet
two men from the negative team of
Occidental college of Los Angeles, Cal-
if., at a meeting of the Menasha Ki-
wan

Keller's Grocery Announce Their NEW LOCATION

605 N. Superior Street, Corner of Pacific, Formerly Rademacher's Grocery. We wish to take this opportunity to thank our many friends and customers for their past patronage.

Saturday we will be ready for business in our new and larger store. Our good satisfied customers had told and recommended us to their friends so that our list of customers grew rapidly. We needed more room and a better location.

We will be glad to see all our old customers, also the patrons of H. Rademacher, and the neighbors in this community.

We will strive to give the best of service both in delivering groceries and serving people over the counter. It has always been our policy to sell on a small margin and depend on our volume to take care of the profits.

"HOLLYWOOD"
BREAD

Never before has a new bakery product ever caused so much comment as our new Hollywood Bread. The people of the Fox River Valley are simply wild over the new Hollywood products. Our sales have increased during the last few weeks by leaps and bounds, due to the one fact that Hollywood bread is without all doubt the very finest loaf of bread that is baked in the State of Wisconsin today. Heretofore, bread has been sold on a price basis in this community but today Hollywood bread stands at 11c per loaf and is well worth it. It would be very possible for us to offer the same sized loaf of bread to the housewives of this vicinity at 9c or 10c but we could not do this and still give the same high quality that Hollywood bread contains. You will find every loaf of Hollywood bread extremely delicious—not only this, but it is very nutritious and healthful. It is evenly baked to a nice golden brown. It comes as near being like the old style homemade loaf as scientific skill will produce. We guarantee each and every loaf of Hollywood bread. If you are not entirely satisfied, your money will be cheerfully refunded without question. Fall in line today and try the biggest selling bread in the Fox River Valley. One loaf will convince you that it is the finest to be had.

WAUPACA
COUNTY

NEW LONDON-CLINTONVILLE-WAUPACA

NEARBY
TOWNSEXPENSE PROHIBITS
DIVERSION OF WATER,
TRIPP LETTER SAYS

Flood Conditions Can Be Relieved by Keshena and Leeman Dams, Report

Special to Post-Crescent
New London—All plans of diverting part of the flood waters of the Wolf river are impractical because of the high cost. This is a portion of the letter received here by representatives of the Association for Relief of High Water, from Alan H. Tripp, president of the association.

Proposed plans, however, have been investigated because of the wide spread opinion among interested landowners that some such plan would prove feasible. Several million dollars spent on a diversion channel of sufficient capacity to lower the flood crest of the Wolf river two feet at New London would reclaim for agricultural purposes only a small part of the 65,000 acres of bottom involved. The balance of the land would still suffer from the lack of drainage according to the letter.

BUILD KESHENA DAM
Flood conditions can be relieved, stated Mr. Tripp, to a considerable extent, by the building of the Keshena dam. This dam is under construction now, and the association and state engineers are trying to ascertain if it is not possible to increase the storage capacity of this dam. The Keshena dam referred to is outside the Indian reservation and has nothing to do with the proposed power project within the reservation.

Floods can be reduced to some extent by the building of a dam at Leeman, at a cost of \$30,000, the report stated. The association will attempt to get some company to build this dam at once. The head here is about 20 feet, and it is believed would be sufficient for power purposes.

Should the Keshena and Leeman dams fail to decrease flood conditions then it would be necessary to dredge at New London and straighten the Embarras for about twenty miles, at a cost of about \$30,000.

RAMM BOWLERS LOSE TO
PINMEN FROM NORTHPORT

Special to Post-Crescent
New London—On Wednesday evening at the Exchange alleys, Northport took two out of three games from the Ramm's Hardware team. Both teams seemed to be playing "the low man wins", as neither team had a bowler go over the 500-mark for the three games. W. Gracher, with 189 for singles and 495 for total, was high man. The scores:

	Won	Lost
W. Gracher	189	129
L. Urban	136	174
V. Bachmann	114	152
J. Marsch	134	167
F. Tesch	119	156
Totals	652	700
RAMM'S HARDWARE	Won	Lost
F. Engelen	145	149
F. Mullerke	129	138
C. Nelson	143	145
E. Wittlinger	132	152
C. Rosseau	131	133
Totals	680	717

GRIESHAMMER FUNERAL
HELD AT SUGAR BUSH

New London—Funeral services for Mrs. Barbara Grieshammer, 56, who died at her daughter's home in Sugar Bush early Tuesday morning, were held at 1:30 Thursday afternoon from the home, and at 2 o'clock from Grace Lutheran church, by the Rev. Kurt Tammel. Pall bearers included Mike Hoffman, Frank, Andrew, Paul, John and Ted Ruchdassel, all nephews of the deceased. The body was laid to rest beside that of her husband who died Aug. 10, 1925.

PERSONAL NEWS NOTES
FROM MEDINA VICINITY

Special to Post-Crescent
Medina—Theodore Loose and Sol Yanke were at Appleton Wednesday. Gordon Siebert is at home from Appleton for a few weeks.

Laura Yanke spent the weekend with her father, Arthur Yanke. Mrs. Albert Diester of Hortonville, spent last week with her daughter, Mrs. Arthur Krock.

Alfred Hills is seriously ill, with pneumonia.

Mrs. Martin Rehfeldt and son Roy, land of Appleton, are spending a few days with Mr. and Mrs. William Colby.

Nick Kelgen was called to Neenah Sunday night by the illness of his brother, Benjamin, who died Sunday night.

Mrs. Nels Perkins and son Ray, made a trip to Neenah Monday.

Mrs. Arthur Krock visited at Hortonville Monday.

Theodore Loose and Irvin Wendall were Hortonville and Stephentown visitors Monday.

The infant daughter of Mr. and Mrs. Walter Bakens is ill.

The town of Dale has raised the sum of \$40 to open the road for automobile traffic. The snow plows were at work Tuesday morning.

BUS PARTNERSHIP IS
DISSOLVED BY OWNERS

Special to Post-Crescent
New London—The partnership of Harvey Graupman and Leo Froelich which has operated the Inter-county bus line for a number of years has dissolved. The former will take over control of the busses and the bus line, and the latter will assume the real estate holdings at the corner of Wolf River-ave, and S Pearl-st.

MOTHERS DISCUSS
CHILD OBEDIENCE

Interesting Program Is Arranged for Meeting of Club Next Wednesday

Special to Post-Crescent
New London—How Shall I Teach My Child Obedience? is the subject for discussion at the next meeting of the Mothers' club meeting on Jan. 25. The meeting will be held at the home of Mrs. H. P. Freeling.

Papers have been assigned to Mrs. John Seering, Mrs. E. Louis Reuter, Mrs. Ellis Calef and Mrs. Austin Dexter. These members will talk on topics relative to implicit obedience with a criticism of indiscriminate use of "don'ts" and a mention of cases where implicit obedience should be expected.

Obedience of the will with the power of suggestion, and reasons given for commands and prohibitions, with behavior rhymes and stories, will also be a matter of discussion.

One of the most interesting topics will be the discussion of obedience obtained by bribes and rewards and the evils of teaching the child to expect material reward.

The formal topics having been read, informal talks on questions having bearing on the subject will conclude the meeting.

NEW LONDON
PERSONALS

Special to Post-Crescent
New London—E. M. Wright and J. Aitchison of Appleton, and City Superintendent of Schools Watson of Waupaca, were in the city Wednesday evening to act as judge in the Neenah New London high school "ebate."

Mrs. F. J. Pfeiffer left Thursday for Shawano, where she will be a guest for a few days in the home of her brother, Milton Stanley. She will make a short visit in the C. E. Stanley home upon her return home.

H. B. Cristy spent Thursday in Milwaukee on business.

Miss Garnet Knoke, a member of the public school faculty at Wrightstown, spent Thursday in her home to attend the funeral of her grandmother, Mrs. Barbara Grieshammer of Maple Creek.

Mr. and Mrs. Lou Drexler of Appleton, visited friends in this city Wednesday. Mrs. Drexler remained for a few days to be a guest of Mrs. Charlotte Farrinacci.

John Senstock, a pioneer resident of New London, is reported in serious condition at the home of his daughter, Mrs. Herman Kirchenberg.

The family of Harlow C. Miller, recently appointed undersheriff of Waupaca-co, will move their household goods to Waupaca Saturday.

NEW LONDON
SOCIETY

Special to Post-Crescent
New London—At the home of Mr. and Mrs. Otto Heinrich Wednesday evening, a number of friends were entertained at cards. Five tables were in play. High prizes at five-hundred were awarded to Mrs. C. C. Seims and Ed Nelson and consolation to Mrs. Guy Siegel and Arthur Ziemer.

Mrs. Willard Dexter was hostess to the members of the Social Hour club at her home Thursday afternoon. The usual game of five-hundred was played at which Mrs. Leonard Polaski won first prize and Mrs. Peter Laux, consolation. The next meeting will be held with Mrs. Peter Laux.

The Owego club met with Mrs. Harvey Greenlaw this week. Mrs. J. H. Beumler was awarded high score and Mrs. Otto Fisher low. Mrs. Charles Milley will entertain the club at the next meeting at the home of her daughter, Mrs. Frank Tice. The regular meeting of the Ladies Aid of Grace Lutheran church at Maple Creek, which was scheduled for Thursday afternoon, was postponed until Thursday, Jan. 21.

The Neighborhood club resumed meetings Friday afternoon at the home of Mrs. E. H. Ramu, after dispensing during the holiday season.

The next meeting of the Woman's Study club will be held Monday, Jan. 24, at the home of Mrs. M. Boland. American Literature will be the general subject of the afternoon. The following papers will be read: Current Topic, Mrs. Frank Jennings; Hamlet Garland, Mrs. J. C. Lyon; William Allen White, Mrs. T. G. Roberts; Marion Crawford, Mrs. Giles H. Putnam.

Following checks: Modern Woodman lodge, \$5; Emil Hamilton of the Hamilton Canning Co., \$125, and materials necessary to fully equip one room in memory of his wife, who died last fall.

Mayor Cuts First Pair
Of Shoes For Factory

New London—At the formal opening of the Menzies Shoe factory here on Wednesday, Mayor E. W. Wendt laid out the first leather for shoes. It is expected that more machinery will be added and that the factory's interior will be in condition for the real volume of work which is expected within the next two weeks.

Since the first machinery began turning, several employees have been taken on for the work of cutting and for the general installation of machinery. About ten employees are being used by C. R. Spore, general superintendent of Menzies factories, while A. H. Chapin, the company's engineer, is engaged in directing wire installation. Both men will remain here for probably two weeks after which Everett Boatman, superintendent of the local factory, will arrive. Mrs. Boatman, his wife, will superintend the stitching room, while W. W. Watson will have charge of the cutting.

According to Mr. Spore, about 55 per cent of the flooring and interior work has been finished. Machinery will be set up along the edges of the factory to begin with, later additions being made as volume increases. Carloads of material and machinery have reached New London and many more are on the way. Two weeks at the longest will see the factory in full swing, said Mr. Spore.

According to plans the east of the building will be given over to offices, commissary department and women's and men's washrooms. The cutting, fitting and last departments will be situated on the north side of the building. The south side of the building will be devoted to the finishing department, while the boiler room is at the west end.

MRS. KATE WILCOX
DIES AT WEYAUWEGA

Funeral Service Held Tuesday Morning at Catholic Church

Special to Post-Crescent
Weyauwega—Mrs. Kate Wilcox, 68, wife of the late Henry F. Wilcox died Saturday afternoon at her home after an illness of nearly a year. Mrs. Wilcox was a daughter of Mr. and Mrs. F. J. Kellack, pioneer residents of the town of Mukwa. Surviving is one sister, Mrs. Mary Wilcox, of Weyauwega.

Funeral services were held from the Catholic church at 10 o'clock Tuesday morning. The Rev. Rielander, pastor of the church, was in charge. Burial was at Oakwood cemetery.

Miss Grace Kellack, a nurse at General hospital in Madison spent several days last week visiting her parents, the Rev. Mr. and Mrs. John M. Kellack. Miss Kellack has been in charge of one of the wards in the hospital, but was promoted recently. She now has charge of three floors of the institution.

BUS LINES HANDICAPPED
Owing to the drifted snows of the past week the bus lines have been seriously handicapped. The Appleton-Waupaca bus line has stopped operating for the present while the Oshkosh-Stevens Point bus has been able to make but two trips a day, and only as far as Waupaca. Both lines had been making three round trips a day.

Reek Brothers, who are building a garage, have been obliged to stop work on account of the severe winter weather. The Lantebach building on Mill-st. is occupied by the company at present.

A special meeting of the Shakespeare club was held last Monday evening with A. L. Hutchinson as leader. His subject was the "Apostle Islands." Monday evening of this week the regular meeting of the club was held with Charles A. Peterson. His subject was "The Early History of Weyauwega and the vicinity."

J. J. Moody of Abrams, is spending a week with relatives here.

A. C. Ewald, cashier of the Farmers and Merchants bank, who has been confined to his home the past few weeks with inflammatory rheumatism, is in an improved condition, it is reported.

Mr. and Mrs. F. W. Bauer are spending a few days in Chicago. The Oshkosh Apron factory which has been occupying the Lantebach building has moved its machines to Oshkosh.

John Senstock, a pioneer resident of New London, is reported in serious condition at the home of his daughter, Mrs. Herman Kirchenberg.

The family of Harlow C. Miller, recently appointed undersheriff of Waupaca-co, will move their household goods to Waupaca Saturday.

WORK OF OPENING
WAUPACA-CO ROADS
STARTED THIS WEEK

County Trunk A Running Through Town of Lind Cleared by Snowplow

Special to Post-Crescent
Waupaca—The opening of county trunk highways was begun Thursday the first plowing being done on County Trunk A which extends through the town of Lind. On Tuesday County Highway Commissioner, John Hufcutt, offered all town chairmen the opportunity to have their roads opened by the Waupaca plow, driven by a Holt 10-ton tractor, at a cost of \$2.50 per hour. The plow travels about three miles an hour and is prepared to run day and night, two crews being put on the job. By Thursday morning several chairmen had accepted the offer and it is expected many more will respond before the end of the week. All state highways in the county have been cleared and are in fine condition.

John Thomas, employed at the Fischer and Falzatter Flour mill, had two fingers smashed while adding two other men in removing a heavy roller from its place in the machinery to the floor. He was taken to the Christofferson hospital where one finger was amputated.

A warrant was issued Thursday for the arrest of Arthur Lueck of the town of Melville, who was charged with assault and battery in the complaint of Adolph Martin. When Martin, an employee of Lueck, approached Lueck for payment of wages an argument ensued which resulted in an assault on the former, it is alleged in the complaint.

Miss Edna Pommer will spend the weekend at Oshkosh and Appleton. Miss Aileen Halsey, who is employed at the Central Electric shop, is ill at her home on Oman-st.

Mr. and Mrs. E. E. Sanders are in Milwaukee this week attending the auto show.

BRICCO FUNERAL HELD
AT BEAR CREEK CHURCH

Special to Post-Crescent
Bear Creek—The funeral of Mrs. Saul Brisco, Sr., was held at St. Mary's church at 10 o'clock Wednesday morning. The Rev. M. Olt conducted the services. The pall bearers were Fred, Albert, Francis, James and Arthur Babino and John Vosters. Out-of-town residents who attended the funeral were: Mr. and Mrs. John Vosters, Kimberly, Mr. and Mrs. Fred Babino, James Babino, and Pat McHugh, Appleton, Mr. and Mrs. Francis Babino of Kenosha, Mr. and Mrs. George Brisco, Wittenberg, and Edward Beauvais, Elcho.

NAME ANNUAL STAFF
AT CLINTONVILLE

Oscar Moland Is Editor-in-chief of High School Yearbook for 1927

Special to Post-Crescent
Clintonville—The 1927 staff of the Clintonville high school annual, was chosen at a recent meeting. The staff follows:

Faculty advisor, E. H. Hutchinson; editor-in-chief, Oscar Moland; associate editor, Beatrice Beschta; business manager, Harold Brockob; advertising manager, Lowell Larson; assistant advertising manager, Alina Joswiski; boys' athletics, Walter Sievers; girls' athletics, Evelyn Zeimer; wit and humor, Lucile Welch; junior reporter, Viola Fierhammer; sophomore reporter, Juse Spearbraker, and freshman reporter, Gladwin Kemmer.

CLINTONVILLE CAGERS WIN
The Clintonville city cagers swamped the Neopit Indian team with a 34 to 5 score. The redmen were able to make five points in the last quarter after being held scoreless for three quarters. The Roachmen ran the score from 10 to 0 at the first quarter to 18 to 0 at the half. For the second half the coach put in his reserve men against the visitors, and these put the score 25 to 0 at the third quarter. Between the two guards and the big center the Indians made two field goals and a free throw to three baskets for the locals during the last quarter.

Next Monday evening the Clintonville city squad will go after big game in the shape of the Swenson Fords of Milwaukee at the armory here. Between the two guards and the big center the Indians made two field goals and a free throw to three baskets for the locals during the last quarter.

The Clintonville high school cagers will engage the Hortonville basketweavers on Friday night. The locals now hold one decisive victory over Hortonville, and the team has been reinforced by the return of George Martin since the first game.

The fire department answered a call to the home of Fred Roloff, 88 Eighth-st. on last Saturday evening to extinguish a chimney fire.

The Lion's club had their regular dinner on Wednesday noon. The Rev. Dietrich of the St. Rose church addressed the club with an interesting talk, "The History of the Great Wall of China."

Nick Weisenberger of Arcadia, and Phillip Feegen of Fountain City, spent several days of this week visiting at the Dan Tanty home.

Gladys Russ of Bear Creek, was a visitor in this city on Friday.

William Lucia and John Mullerke of Bear Creek, were here on business on Saturday.

Ruth Russ spent the weekend at her parental home at Bear Creek.

Norma Zarling spent last week at Embarras where she assisted in taking inventory at the Rindt Hardware store.

Bernice Timmel, who attend high school in this city, spent the weekend at her parents' home at Nicholson.

Pete Tasmussen was a business caller in this city on Friday and Saturday.

Mrs. W. A. Olen will be hostess at Ladies Aid meeting at the M. E. church parlors on Thursday evening of next week.

Dave Tribby of Marion, was a business caller in this city on Tuesday.

Mrs. Earl Seibert has been confined to her home this week because of illness.

R. Schultz, left this city on Monday, for Los Angeles, Calif., where he will join his wife, who has been living there the past summer and fall. They will make their future home in that city. Clarence Miller of Waupaca is managing the Schultz Bros. variety store here.

Mrs. William Smith of New London, was a visitor at the Christ Brehmer home on Monday.

The Amity division of the Dorcas society will meet at the home of Mrs. H. A. Brooks on Dodge-st. Monday afternoon.

Mrs. Christ Brehmer and Mrs. William Smith were visitors at the Christ Smith home at New London on Tuesday.

Mrs. Dan Tanty attended the funeral of her brother-in-law at Kaukauna on Monday.

The popularity of bobbed hair is likely to cause widespread baldness among women, according to a prominent hair dresser.

PIMPLY, RED SKIN

ITCHED AND BURNED—UGLY TO LOOK AT

Healed at last, quickly and easily

Charlotte, Mich., Oct. 21:—"I have been a sufferer from a most unsightly skin disorder, my face being full of pimples and blackheads and my complexion was very muddy. It was very ugly to look at as it was red and fiery and it annoyed me by itching and burning. I tried many treatments, but got no relief. When I was a small baby I had eczema on my body and my mother used Resinol Ointment on it and she recommended it to me at this time. In desperation I decided to send for a sample of Resinol. After using the sample I bought more Resinol as I was convinced it was a splendid remedy. After I had applied it four times, the pimples began to heal and at the end of two weeks they had entirely disappeared. Now, I have such confidence in Resinol Ointment I would not be without it." FARMERS TAXES ARE 3 TIMES PERCENTAGE PAID BY CITY FOLKS

Survey Shows Agriculturist Pays 19 Per Cent of Income to Public Treasury

Madison—(P)—Dane-co farmers paid as direct taxes, nearly three times as large a percentage of their net incomes in 1924 as did city and village people, according to a bulletin by Prof. B. H. Hubbard, agricultural economist, and E. W. Allen, graduate student and instructor in the Wisconsin college of agriculture.

During the war period, the bulletin pointed out, the percentages of incomes absorbed by taxes paid by farms, city and village people were practically the same, but since that time "real differences" have developed.

The burden of farm taxes has not only increased relatively more than that of city and village taxes since the war due to disparity of incomes, the bulletin said, but since the pre-war period the farm group has also been more seriously burdened by the increased requirements of government than has either of the other two groups.

HEAVIER BURDEN
The reasons given by the bulletin for farmers being more heavily burdened are: The failure of farm income to keep pace with the increase in proportion to tax increases as have city and village incomes; and the operation of the general property system of taxation during the period of deflation.

The studies forming the basis of the bulletin were made in Dane-co, and included several thousands of farms. The county has the largest number of farmers of any in the state.

"Out of every \$5 net income received by the farmer," the bulletin said, "he contributed \$6 to defray public expenses. Thus the average farmer paid a tax amounting, to 19 per cent of his net income, whereas the average city man paid 6.5 per cent and the average village man 5.9 per cent of their respective net incomes."

Farm taxes are high, the bulletin said. Over four thousand farmers of Dane-co paid an average tax of \$220 in 1924 in comparison with an average of \$146 paid by thirteen thousand city people and \$92 paid by nearly two thousand village people.

Turning to incomes, the bulletin characterized farm incomes as "low." "The average net income of this group of farmers in 1924 was \$937," it pointed out, "while the average net income of the city group was \$2,102, and of the village group, \$1,456. This farm income includes an item of over \$200, the estimated value of farm produce consumed by the farm family."

NO INCOME TAX
"The relationship between farm and city incomes has remained unchanged over its possible to analyze a report from every income receiver in the country. Since the total population in Dane-co is approximately 100,000 there are probably no more than one-third that number of income receivers in the other two-thirds being dependents."

Farmers pay practically no income tax, the study showed, the total amount of state and federal income taxes paid by farmers, being considerably less than fifty cents per farmer. Out of the average farm family's net income, income taxes amounted to \$205 and the \$15 was on personal property. The average city tax of \$116 was divided as follows: real estate, \$111; personal property, \$5; federal income tax, \$16; state income tax, \$13. "Huge taxes of \$92 per person are levied on the average city family," the bulletin said, "while the average farm family pays only \$15 on personal property, \$16 federal income tax, \$14 state income tax, \$3."

"The farm tax burden is relatively heavy because farm income is relatively low. This is the most obvious reason for the farmer being more heavily burdened than others."

Reasons for "relatively high" farm taxes were given by the bulletin as follows:

"Public activities have expanded. The advent of the automobile and the increase in interest in education, the construction of roads and schools and the expansion of many other public activities have made it imperative that vastly greater funds be taken from private incomes for public purposes. Expenditures will not be reduced. Means being used to keep public activities from being burdened by cutting public expenditure. The practice of economy in the use of public money is always in order, but the cause of high taxes can only be slightly removed by this means. Further, more of these public activities are likely to be dispensed with. Everybody (including the farmer) needs them and wants them. The wealth of the country is ample to support such activities and if collected fairly well will work little hardship."

KAUKAUNA POST GIVES TOOTHBRUSHES TO POOR

An appropriation of \$12 for the purchase of toothbrushes for poor children of Kaukauna was authorized Thursday night by the Kaukauna post of the American Legion. The money will be turned over for disposal to Miss Mattie J. Hayes, city nurse, who in a recent report indicated that a number of Kaukauna's children were unable to keep their teeth clean because of inability to purchase brushes.

Plans were formulated for the next meeting to be held the first Tuesday in February. The membership of the Kaukauna post has increased 100 per cent over that of the corresponding time last year, it was reported.

ALL-AMERICAN GUARD IS ILLINOI WRESTLER

Illinois expects to turn out a wrestling team this year that will be in keeping with its high standard in other forms of athletics. Five of the seven wrestlers who will represent Illinois against Wisconsin in their coming meet are letter men. The last is headed by Captain Bernie Boland, All America guard, who is the heavy-weight entry.

Joseph Wolf of Meeteetse, Wyo., a resident of Outagamie-co, about 55 years ago, is visiting relatives and friends in the city.

EMPLOY 51 MORE MEN TO OPEN CITY STREETS

Approximately 15 extra men were engaged by the street department Friday morning to assist in cleaning the streets of surplus snow which fell Thursday night, according to H. F. Hackworth, street commissioner. No extra trucks were needed as the five department trucks were sufficient for the work.

The business section streets were opened first and the tractor plows were used on the thoroughfares in the outlying districts where the drifting had been bad. It was expected that all the streets would be open by Friday night.

DISCUSS SURVEY OF RELIGIOUS BELIEF

Dr. Holmes Leads Consideration of Nationwide Study of Religion

"Would you be willing to have your family grow up in a town without a church?" was the question arousing the greatest discussion at the weekly prayer service at the First Methodist Episcopal church, Thursday evening following a church supper. Dr. J. A. Holmes, pastor of the church led the discussion which was based on an article in the Jan. 15 issue of the Literary Digest by Dr. Charles Stebbins on "The Old Faith Still Strong in America."

The article was written on the results of questionnaires sent out by the author to many people in different localities in the country. Among them were "Do you believe in God?" answered in the affirmative by 91 per cent of those returning the questionnaires, and "Are you an active member of a church?" answered by 77 per cent in the affirmative.

Only 13 per cent of those responding were willing to live in a town without a church, and 57 per cent were not, the author stated. Those attending the meeting requested that the discussion of these questions be continued at the next prayer service.

The supper was the first of a series of church affairs sponsored by the Social Union. Companies B and I, headed by Mrs. William Hohn and Mrs. W. F. McGowan served the meal. About 150 persons were present.

300 AT MEETING TO ELECT OFFICERS

Congregational Church Selects Its Leaders at Annual Gathering

Trustees, cabinet members, deacons, deaconesses, clerk, and Sunday school superintendents of departments were elected at the annual meeting and meeting of First Congregational church, Thursday evening at the church. About 300 members of the congregation attended.

Elmer Jennings, W. B. Basing and W. O. Thiede were chosen trustees for terms of three years, and Dr. J. S. Reese, Frank Young and Mrs. W. H. Zuehlke, cabinet members for two year terms. George R. Wettengel was unanimously elected treasurer; Lacey Horton, Sunday school superintendent; D. Eickmeier, intermediate department superintendent; Mrs. Earl Baker, primary department superintendent; Mrs. J. Kottend, Jr., superintendent of beginners' department; Mrs. Irene Buxton, superintendent of the cradle roll; Miss Flora Kethro, superintendent of the home department.

More than 500 members of five years will be P. M. Johnston and Joseph Kottend, Jr. Deaconesses to serve three year terms were chosen from the following wards: First ward north, Mrs. B. F. Goodrich; First ward north, Mrs. Henry Dehn; Second ward, Mrs. Guy Marston and Mrs. William Van Wyk; Sixth ward, Mrs. D. S. Runnels, Mrs. Hugh Corbett, and Mrs. L. S. Elmer; Fifth ward, Mrs. F. G. Kurz, and Mrs. Ira Flansburg; Third ward, Mrs. Gustave Hertzfeld; and Mrs. Ella McAllister.

F. J. Harwood, national moderator of the church gave a talk before the election of officers. Children of the church were shown the motion picture "The Princess' Necklace" after the supper.

DOCTORS WANT COUNTY TO KEEP ROADS OPEN

Members of the Outagamie-co Medical society went on record for keeping county roads open during the winter at a meeting of the association, Thursday evening at the Hotel Northern. The resolution will be sent to the county highway commissioner and the county board. With the roads impassable, doctors are often unable to reach sick patients, it was stated.

More stringent regulations concerning vaccination for small pox, diphtheria, and scarlet fever were urged by Miss Mary Orison, city school nurse, and Miss Marie Klein, county nurse, in their talks on clinic nursing with the nurses on record to work.

A committee was appointed to work with the nurses on record to work. Members will be Dr. C. A. Ritchie, Dr. G. D. Carlson, and Dr. Charles Reineck.

Loose Bodies of the Knee Joint and Their Surgical Removal was the subject of a paper by Dr. V. F. Marshall.

Mrs. Walter Schumacher of Oconto is visiting at the home of her parents, Mr. and Mrs. Henry Junge, 1205 N. Harrison-st.

CHEESE FACTORY IS DESTROYED IN FIRE

Factory and Residence Near Black Creek Burns Friday Morning

The cheese factory and residence of W. H. Sommers, 1 1/2 miles west of the village of Black Creek burned to the ground at about 7:30 Friday morning. The Black Creek fire department was called but the fire had gained so much headway that nothing could be done to save the building.

The fire originated in the kitchen where Mr. Sommers had started a fire in the kitchen stove. When Mr. Sommers returned from one of the front rooms he found the kitchen in flames. The fire spread so rapidly that only the contents of one bedroom was saved. A small amount of insurance is carried on the building.

The Black Creek fire department was called to the home of Dr. D. H. Smith at Black Creek at about 7:30 Thursday night to extinguish a chimney fire. No damage was done.

DEATHS

MRS. H. S. SCHAFER
Word has been received by David Smith, 217 E. Commercial-st., of the death of Mrs. H. S. Schaffer, mother of Mrs. David Smith, Thursday at her home in Schenectady, N. Y. Mrs. Smith was called to Schenectady last week by her mother's illness. She will return to Appleton after the funeral.

MRS. WILLIAM BEHNKE
Mrs. William Behnke, Sr., 50, died at 5 o'clock Friday morning at her home at Weyauwega after an illness of two weeks from pneumonia. She is survived by her husband, a sister, Mrs. Julia Aich of Stevens Point, and four sons, William, Jr., 30, Schenectady, N. Y.; Maurice, Weyauwega; Frank, California; Henry Weyauwega.

Funeral services will be held at the Catholic church at Weyauwega.

MRS. EDITH TAYLOR
Mrs. Edith Bertrude Taylor, wife of Frank Taylor, died Thursday evening, Jan. 20 at Washington, D. C. of pneumonia, according to word received here. Mrs. Taylor was born in Appleton and was the daughter of Mr. and Mrs. C. A. Beveridge, deceased. She is survived by her widower and one sister, Mrs. J. C. Roberts of Pulaski, Va. The funeral will be held at Pulaski.

KREISS FUNERAL
The funeral of George M. Kreiss was held at 2:30 Tuesday afternoon at the residence chapel. Out of the relatives and friends who attended were F. P. Wirth, Miss Eva Wirth of Two Rivers, Mrs. George Bullwinkel of Jefferson, Miss Alice Stevens of Shawano, Mrs. John Jacobs, of Menasha, Mrs. Arthur Hart, Isaac Hart, Jr., and Mrs. William Wissner of Oshkosh, and Mrs. Fred Harp of Kaukauna.

WALTER FUNERAL
Approximately 45 graduate nurses attended in a body the funeral of Miss Leona Magdalen Walter, 24, 202 N. State-st., at the home and St. Joseph church Friday morning. The nurses were in their professional uniforms and marched in a procession from the house to the church. Miss Walter died Tuesday night from typhoid fever contracted while she was nursing a child about six weeks ago.

Chasmanes from St. Joseph hospital in Milwaukee, acted as bearers. They also were the nurses' uniforms and capes. Bearers were the Misses Marie and Louise Bloomers, Erna Schroeder, Mary Jeschke, Charissa Hines and Gassella Hines. Sister Alberta, who was Miss Walter's teacher during her training period, attended the funeral. Miss Walter was graduated from St. Joseph hospital in 1921. She was a member of the Sodality of St. Joseph Hospital and of the alumni association.

Solemn high mass was sung at the church. Burial was at St. Joseph cemetery.

A load of two tons can be carried by a full grown elephant.

DERRY WINS PRAISE OF U. S. LEADERS

Lecturer on Mexico Called Man of Wide Attainments and Speaking Power

Present disturbances in Mexico will be discussed by Dr. George Hermann Derry at 8 o'clock Monday night, Jan. 24 at Lawrence Memorial chapel in a free public lecture to be given under the auspices of the Appleton council of Knights of Columbus as a part of the campaign against Sovietism inaugurated by the Knights of Columbus at their convention last August in Philadelphia.

Dr. Derry has made a long study of Mexico and will discuss the situation from all viewpoints, historical, political, economic, social and religious. Senator David I. Walsh of Massachusetts has written of Dr. Derry: "Trained in the varied culture of the best universities at home and abroad, Dr. Derry is a ripe and accomplished scholar and a master of graphic speech. His vigorous and logical mind, his command of elegant diction, his enthusiastic optimism and the compelling power of elegant character and conviction in his eloquent addresses have delighted American audiences for several years. He is a man with a vital message, delivered with unusual force and charm."

MENTORS ANALYZE GEOGRAPHY STUDY

Teachers Planning Courses Which Will Present Study in Newer Light

"What is geography?" and other important questions were discussed at the meeting of the geography committee of the grade schools with Ben J. Rohan, superintendent of schools, Thursday afternoon. A course will be outlined for the entire student body, probably from the kindergarten into the junior high school, it was believed. "Geography is the study of the earth, its people and their activities," was the definition given by the teachers, and the course will be planned on the basis of this explanation. Books were examined which were written with this point of view rather than from the older standard of places and names to memorize without attaching a particular meaning or interest to them.

The end that the teachers hope to reach in this program is "to know the needs of all people and aid them in getting these needs." Some of the "guide posts" as to geographic material named at the meeting were commercial relations, climatic relationships, racial relationships, physical features, and others.

What should be included in the study of geography was discussed by the committee; for example, the study of rainfall, nature study and geography, atmosphere, the grouping of continents, and others. The plans will be continued at future meetings.

ZIMMERMAN FILLS TWO MORE STATE OFFICES

Madison—(P)—Governor Fred R. Zimmerman Friday announced the appointment of Mrs. Meta Berger, Milwaukee, to succeed Miss Little Stearns, Milwaukee, on the state board of normal regents. Miss Stearns' term of office expires the first Monday in February. Mrs. Berger is the wife of Victor Berger, Socialist congressman from Wisconsin.

Appointment of Robert M. Rieser, Madison attorney as legislative counsel for 1927, also was announced Friday by Governor Zimmerman. Rieser was formerly a deputy attorney general under Herman L. Ekern.

There is every prospect of a "scientific pilgrimage" to Wales and the North of England at the end of next June when an "lipse of the sun" will be total in these parts of Great Britain.

FORMULATE REPORT ON RACINE SHOE COMPANY

A final report of the findings of the special citizens committee appointed by Mayor A. C. Rule to investigate the M. T. Shaw Inc., Racine shoe manufacturers, will be formulated at a special meeting of the committee at the Citizens National bank at 4 o'clock Friday afternoon. Members of the committee are Henry Tuttruff, chairman, J. L. Langenberg, William Egger, Charles Fose, William Roemer, E. C. Hilbert and Roscoe Gage.

The committee held several meetings and received information about the company from Mayor A. C. Rule and also a report of an investigation made by Hugh G. Corbett, secretary of the Appleton Chamber of Commerce. Last week the entire committee visited Racine and inspected the factory. City officials, the Racine Chamber of Commerce and Racine bankers intervened.

M. T. Shaw is asking a factory building with 25,000 square feet of floor space and expenses of moving from Racine to Appleton. In return they promise to spend \$1,000,000 here in the next seven years. The report will be turned over to Mayor Rule either Saturday or Monday.

SCOUT DIRECTOR HERE TO ATTEND CONFERENCE

C. M. Fimell, associate regional executive of Region 7, national council, Boy Scouts of America, with headquarters in Chicago, arrived in Appleton Friday to attend a meeting of the Appleton committee of the Valley Boy Scout council at 7:30 Friday evening to direct preliminary work in setting up a local financial campaign. Officers of the committee will be elected and plans for the 1927 program will be made.

Mr. Fimell announced Friday that he would recommend the week of Feb. 20 to 26 for a financial drive. He will aid in setting up the local drive and will return again in February to help carry it out.

EVA TANGUAY, 48, MAY MARRY HER PIANIST, 25

New York—(P)—Eva Tanguay, dynamic vaudeville star who, 48 years old, is to marry her pianist who is 25 years old, says Friday's New York American. The prospective bridegroom, Allan Parado, a Hungarian, joined Miss Tanguay's act six months ago when she returned to the stage after physicians had predicted total blindness and an invalid's chair for her.

STATE PLUMBERS ELECT OFFICERS AT MEETING

Milwaukee—(P)—Fred C. Keutney, Jr., Milwaukee, was elected president of the Master Plumbers of Wisconsin at the closing meeting of the thirty-third annual convention, Thursday night, at the Hotel Wisconsin. Officers chosen are J. K. Sullivan, Stevens Point, vice president; Charles Felneck, Milwaukee, secretary; Emil Henock, Milwaukee, treasurer; and Walter Murphy, Sheboygan, director.

PERSONALS

Marshall Green, district representative of the University of Wisconsin Extension division, returned Thursday night from a business trip to Marion, Tigerton and Wittenberg. He arranged a lecture tour for next fall in cities from Wittenberg to Marion. The course will be sponsored by the schools of the cities.

Mrs. William Peterson, 721 W. Lorraine-st., is visiting relatives in Milwaukee over the weekend.

NO NEW HEARING FOR ANTI-EVOLUTION CASE

Nashville—(P)—Chief Justice Graham Green of the Tennessee supreme court Friday announced that the court would not consider a motion to rehear the John T. Scopes case. The court last Saturday upheld the constitutionality of the Tennessee anti-evolution statute and recommended that the state's attorney general en-

NEW GOVERNOR

Okla. now is under the leadership of this man, Henry S. Johnston. He has just been sworn in as governor.

Markets

STOCK PRICES MOVE HIGHER AT OPENING

Market Turns Irregular, However, as Bear Traders Launch Attack

New York—(P)—Stock prices moved irregularly higher at the opening of Friday's market. Oil and railroad shares were again in the forefront of the advance, but initial gains as a rule, were limited to small fractions. Cottons and Alkman preferred opened 5 points higher at 14, a new record high price.

The market turned irregular soon after the opening. Bear traders launched an aggressive attack quickly Continental Baking A, which quickly dropped 2 points on selling. The 4 per cent redempt rate by the New York Federal Reserve bank probably caused some disappointment. U. S. Steel Iron Pipe broke about 3 points in further reflection of speculative disappointment over the failure of the directors to authorize a stock split up. Famous Players, Radio Corporation, United and General Motors also were under pressure. Wheeling and Lake Erie issued new bonds under further accumulation and Washburn & Glumac jumped 4 points to 72, the highest price since the stock market's recovery last year. Penn. Railroad, Colorado Fuel, Texas Gulf Sulphur, Collins and Alkman Common and public Service of New Jersey touched new high prices. Foreign exchanges opened steady, demand being quoted just under 4.85 and French francs around 3.35 cents.

MERCER RUMOR
Merger prospects and expanding earnings were associated with lively demand for the Wheeling and Lake Erie shares which sent the Common up 1 to 3 3/4, and the Preferred 3 1/4 to 4 1/4. The highest prices ever achieved. Union Pacific, Colorado Fuel, figure of recent years, and there was also a small movement in the railroad equipment, led by Baldwin and American Locomotive. The renewal rate on call loans was reduced again to 4 per cent.

OUTLINE COURSES IN MANUAL ARTS IN JUNIOR SCHOOLS

Instructors Preparing Work
to Be Given Pupils in Sec-
ond Semester

Phases of manual arts work in the junior high school were assigned to various instructors in the schools at a meeting of manual arts teachers with Ben J. Rohan, superintendent of schools, Wednesday afternoon. The topics to be studied in the three grades of the schools were selected at a meeting of principals Tuesday, and these topics will be worked out by the teachers. A similar study has been made in the science courses of the schools, a teacher doing research work on one subject and compiling and writing the material in a textbook to be used in all the schools.

In the seventh grade course elements of woodwork will be taught for a period of 13 weeks. Frank Wilson of the Roosevelt junior high school will have charge of the work. Armin Gerhardt of Wilson school will work on mechanical drawing, to be given for nine weeks, and Carl Enger of Wilson school will give elements of metal work for nine weeks. The distribution of the courses and their periods of study is only suggestive, it was said. They may be changed somewhat after they have been tried for a time.

Printing and Art design will be the first topic in the eighth grade and will be presented for 13 weeks. Leonard Peterson of Roosevelt school will work out the subject. Guy Barlow of Roosevelt school will study cement and clay products to be given for a nine week period, and Melville Wright of Wilson and McKinley schools, will have home mechanics to be given for nine weeks.

A choice of two out of three subjects will be offered to ninth grade students. Each will be given for 13 weeks. Paper making will be worked out by H. G. Noyes of the Appleton vocational school, architectural drawing and building construction by Walter Fox of the McKinley school, and printing by Mr. Peterson.

Your Income Tax

The normal tax rate under the revenue act of 1926 is 1½ per cent on the first \$4,000 in excess of the personal exemption, credit for dependents, etc., 3 per cent on the next \$4,000, and 5 per cent on the balance.

The surtax rates apply to net income in excess of \$10,000, as in the revenue act of 1924. The maximum rate, however, under the 1926 act, is reduced to 20 per cent, which applies to net income in excess of \$100,000, instead of a maximum of 40 per cent on net income in excess of \$500,000, as was provided by the 1924 act.

The exemptions are \$1,500 for single persons, and \$2,500 for married persons living together, and heads of families. In addition a taxpayer is entitled to a credit of \$400 for each person dependent upon him for chief support if such person is under 15 years of age or incapable of self-support because mentally or physically defective. Such dependent need not be a relative of the taxpayer nor a member of his household. The term "mentally or physically defective" includes not only cripples and those mentally defective but persons in ill health and the aged.

A taxpayer, though unmarried, who supports in his home one or more relatives over whom he exercises family control, is the head of a family and entitled to the same exemption allowed a married person. Also he may claim \$400 for each dependent. For example, a widower who supports in his home an aged mother and daughter 17 years old is entitled to an exemption of \$3,500 as the head of a family, plus a credit of \$400 for each dependent, a total of \$4,300. The \$400 credit, however, does not apply to the wife or husband of a taxpayer, though one may be totally dependent upon the other.

LAUGH THAT OFF

"What's another hat? Will you never stop buying things under the pretext that they are bargains?" "I've already stopped, dear. I paid twice as much for this as it's worth."

Free Band Concert Tues. Jan. 25, Lawrence Chapel.

MILITARY BAND TO PRESENT CONCERT AT COLLEGE CHAPEL

"The Glow Worm," by
Lincke, Is Promised as One
of Features

"The Glow Worm," by Paul Lincke, will be one of the features of the concert to be given by the 120th Field Artillery band Tuesday evening, Jan. 25, at Lawrence Memorial chapel, according to Edward F. Mumma, director. O. J. Thompson will play a clarinet solo and a vocal quartet composed of Madeline Hehner, Eleanor McKibben, Roger Benedict and James Archie will sing.

The program:

Joy, "The Glow Worm" Paul Lincke
Intermission
Selection, "Bright Eyes"..... Karl Hoschna
Vocal Quartet..... Selected
Selection, Richard Wagner's "Rienzi"
..... Otto Langey
"Star Spangled Banner".....

ADD BOOKS TO JUVENILE SECTION OF LIBRARY

Books for amusement and improvement have been added to the juvenile section at the Appleton public library in January. Among them are fairy tales, etiquette, and conduct books, historical stories and others. Titles added for children are: Gould, Children's books of moral lessons, four volumes; Gould, Conduct stories; Clark, M. E., Etiquette Junior; Adams and Atchison, Book of giant stories; McDonald, George, The light princess; Bryant, L. M., Children's book of celebrated towers; Perkins, L. F., American twins of the Revolution; St. Nicholas, Hunting stories retold from St. Nicholas; Addington, Sarah, Pudding Lane people; Searing, A. E. P., When granny was a little girl; Williams, Marjory, Veiveteen rabbit.

HUNGRY RABBITS ARE DESTROYING FARM ORCHARDS

Deep snows are causing the destruction of young apple trees and shrubbery on many farms in the rural districts. It is reported that rabbits which cannot get down to the grass and smaller plants because of the heavy covering are gnawing at the taller growing things. Apple trees are particular sufferers from the nibbling animals, farmers said.

WARN MOTHERS TO SEND CHILDREN TO SCHOOL

Two mothers were arrested last week on a charge of neglecting to send their children to school regularly. The case was left open by Judge Theodore Berg of the Municipal court, but if the neglect continues, the women will be prosecuted, it was stated. Mrs. J. P. Lemke, 709 S. Outagamie-st., is the mother of five children of school age, and Mrs. Charles Collins, 828 W. Spring-st., of two children.

In both families several children have been absent or tardy one or more times a week. J. P. Pfeil, truant officer reported. In some instances the pupils have come to school more than an hour late, and others have stayed away an entire morning or all day, without adequate excuse, the officer continued. The mothers were warned to send the children to school regularly.

ENZO JEL is a weapon against malnutrition.

FORCE MILKMEN TO USE OWN BOTTLES

Tests Show Unusual Amount
of Sediment in Milk Sold
Here

A campaign is to be conducted here in the next few days by Theodore Sanders, deputy health officer, and R. L. Radke, state dairy inspector, to prevent milk companies using bottles stamped with the names of other companies. The practice is said to be common here.

The state law provides, according to Mr. Radke, that milk bottles may bear the name of a company or the inscription "Pasteurized Milk." It has been the practice for some years among dairymen to pay no attention to whether they received their own bottles from their customers. So long as they received any bottle they were satisfied, he said.

The dairymen would then proceed to put their milk in the bottle regardless of whether it bore his name. This is a direct violation of the state law, according to Mr. Radke and this law will be strictly enforced in the future. A recent test taken of Appleton milk by the two officers showed that the milk and cream contained the legal amount of butter fat. Milk tested 3 to 4 per cent and cream averaged from 18 to 24 per cent.

The sediment test of the milk was not as favorable as it might be, according to Mr. Sanders and unless Appleton dairymen immediately make efforts to improve the cleanliness, some investigation is to follow, Mr.

Sanders will test the milk at frequent intervals within the next few weeks until the milk is brought back to the desired standard, he said.

POLITENESS
OLD GENTLEMAN (who has coliced violently with a young man): I beg your pardon, sir.
YOUNG MAN: Entirely my fault, sir.
"Then why the blazes don't you look where you're going?"—London Opinion.

RUB CHEST COLDS AWAY: STOP PAINS

Pain and congestion is gone. Quickly—Yes. Almost instant relief from chest colds, sore throat, backache, lumbago follows a gentle rubbing with St. Jacobs Oil.

Rub this soothing, penetrating oil right on your chest and like magic relief comes. St. Jacobs Oil is a harmless liniment which quickly breaks chest colds, soothes the inflammation of a sore throat and breaks up the congestion that causes pain. It never dries, it never burns the skin. Get a 35 cent bottle of St. Jacobs Oil at any drug store. It has been recommended for 65 years.

Early Presentation Of The First Spring Footwear Fashions

For Women Who Like
Something Novel
Yet Refined

Spring debutantes make their bow in the world of shoe fashions! Slender and dainty, trig and sportsmanlike. As diversified in mode as they are in selection of fabrics.

Slippers, pumps, oxfords and novelties. Satins, patents, kid leather and calfskins in all the fashionable new colors.

They're from manufacturers who are justly proud of their footwear styles, the quality of craftsmanship and materials they invariably use.
